U.S. Surrenders Vast Pacific Area

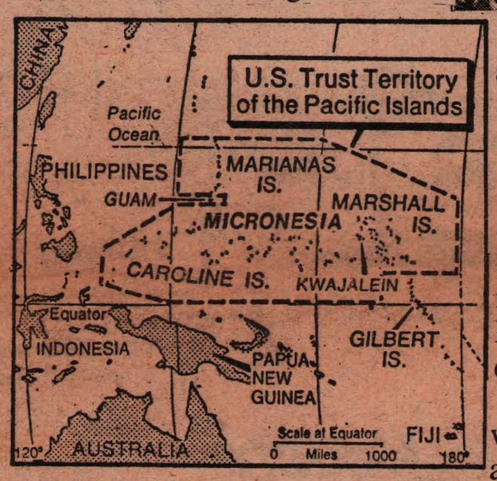
Second Canal-Type Giveaway

Your newspaper most likely did not carry the news, but the Carter Administration agreed on April 9 to give away Micronesia. These are more than 2,000 islands which stretch across 3 million square miles of the Pacific. There are only about 120,000 natives on these islands, most of which are uninhabited. These islands are vital to America's security.

The agreement to give Micronesia its "independence" was reached through negotiations by Jew Peter R. Rosenblatt, a Washington lawyer, representing the U.S. He called the giveaway a "*great breakthrough.*" It is interesting that the Panama Canal surrender was arranged by a Jew, banker Sol Linowitz.

The islands which make up Micronesia include several important U.S. military bases which could be vital to our interests in the event of a war with Red China. They include a missile test site on Kwajelin in the Marshall Islands and the huge naval base on Saipan. The air base at Tinian was the home base for American planes which dropped atomic bombs on Hiroshima and Nagasaki during World War II.

This treaty must be ratified by both houses of Congress. Little opposition is expected because the news media has kept the entire issue quiet. Like the Panama Canal surrender, we will have military rights for 15 years and after that Micronesia can administer this vast stretch of islands. Important offshore oil and mineral rights are also at stake.



These important islands stretch from the Philippines to Hawaii

"Rev." Walter Fauntroy, left, at M.L. King memorial march in Atlanta in 1970. Giving the communist clenched salute is U.A.W. Pres. Leonard Woodcock. House bill would make Fauntroy a U.S. Senator.

Here is yet another step backward by the U.S. Government and a further show of weakness before the communist world. It will not be long before Russia asks for Alaska back on the grounds that the Czar had no right to sell it to us. We are losing ground on every front and have "lost face" before the world as we slide down to a second-rate military status.

House Votes 2 U.S. Senators for Washington, D.C.

One of the most important bills of the decade recently passed in the House of Representatives which would, in effect, make Washington, D.C. a state. In a total play for black votes back home, 289 Congressmen voted for, and 127 against, a bill which would give Washington, D.C. two U.S. Senators and perhaps 3 Representatives.

The negro press hailed this vote as a great step for civil rights, but in effect it will act to dilute White influence in our nation's capital. Washington, D.C. is a federal enclave in which most of the people in one way or another work for the government. They are 80% negro and would elect black representatives who would work for more welfare for minorities.

It is almost unbelievable that such a bill could pass the House. Now, it is before the Senate where it will take a two-thirds vote for passage. Kennedy and McGovern have already served notice that this is a racial issue and that anyone who votes against it is voting against black power. Thus, our Senators once again cringe in fear!

If this city can have two senators, why can't New York succeed from the state as has been advocated and become a city-state with its own Senators? How about Detroit, Los Angeles and Newark, which would like to have black Senators? Washington, D.C. was carved out of Virginia and Maryland and should be given back to those states if its unique federal status is to be abolished. Let its residents vote for Senators in those two states.

Never has there been a more blatant attempt to curry the favor of the black power structure in this country. The news media has deliberately played down this bill so as to make its passage easy in the Senate. They do not want the stooges who voted for the Panama Canal treaties to have to undergo such pressure again. The Canal Treaty Senators are the same element that the leftist enemies of this Republic are counting on to pass this bill giving "full voting privileges" to federal workers in the District of Columbia.

At this time they already have the right to elect a black mayor who is now in trouble because of a kick-back scandal by his top right-hand assistant. They already have a non-voting delegate in the House by the name of Rev. Walter Fauntroy. He is the individual who heads the "House Assassinations Committee," which has harassed the family of James Earl Ray and his former lawyer, J.B. Stoner. This man would almost automatically become a U.S. Senator because of the publicity he has obtained in the investigation into the shooting of M.L. King, Jr. The Congress has already given this committee some $5 million of the taxpayers' money, which has been totally wasted. King was not an elected official and does not merit a congressional investigation.

The time has come for all loyal Americans to write their daily newspapers and inform them you want full coverage of the Washington, D.C. statehood bill. Write your two Senators and tell them you want them to vote against this measure. Remember that if this does become law, there will be no end to the numbers of Senators and Congressmen that the minorities will be able to bring in.

Some individuals in Puerto Rico want statehood, and the same is true in the negro-dominated Virgin Islands, and next will be Guam and American Samoa. Tell your Senator you want this vicious bill voted down. Next month we will print the names of all the Congressmen who voted for the adoption of this bill (H.J. 554), so that you will know exactly who has betrayed your interests and you can vote against them in the next election.

URGENT! Write Your Senators Today!

Georgia Congressmen Voted for Washington Bill

Georgia voters will be shocked to learn that 8 of our 10 Congressmen voted for the bill to give the negroes in Washington, D.C. two U.S. Senators. The daily press failed to give you this news so as to protect these men in high public office from the righteous wrath of the people. There is absolutely no justification whatsoever for turning Washington into a semi-state. It is urgent that everyone, immediately, write their two U.S. Senators to find exactly where they stand on this measure and let them know your opposition.

The only two Georgia Representatives with guts enough to vote against the Washington bill were Rep. Jack Flynt and Rep. Larry McDonald. Those who sold out their White constituents back home and voted for the bill are: Bo Ginn, Dawson Mathis, Jack Brinkley, Jew Elliott Levitas, Wyche Fowler, Billy Evans, Ed Jenkins and Doug Barnard.

Vote against each and every one of these sell-outs in the forthcoming Georgia Democratic Primary on Aug. 8.

Charge Ads "Obscene"

"Holocaust" to be Viewed Again

Jewish groups have complained that there was too much advertising on the 9½ hour, 4 day *Holocaust* TV program. The Jew owned *New York Times* of April 20 stated that it was obscene to show the "*sadistic torture and suffering of Jews and then confront viewers with a message about Lysol and its usefulness in killing germs.*" They charge that a "perverted" German officer looked at photographs of mass murders and was then interrupted with a sales pitch for Polaroid cameras.

One Jew, Leonard Reed, of Chevy Chase, Md., said the "*tasteless commercials were a national disgrace.*" He said that it was ghastly to interrupt people's train of thought on the holocaust with Alpo dog food ads when a solemn atmosphere should have been maintained. In other words, the Jews are attacking the firms which paid millions for the brainwashing of the American people with this fictional propaganda farce. There can be no satisfying the Jews.

Puerto Rican Food Stamp Racket

Secret Service head in Puerto Rico, Victor Gonzalez, states that the worst misuse of food stamps exists on that island. He states that of the half-billion in food stamps spent last year, 100 stores lost their licenses to accept the stamps. They allowed the use of food stamps for the purchase of liquor and exchanging them for cash. One man, Porto Garcia Quiles, for example, exchanged $820 worth of stamps for $670 in cash. One beautician charges $30 in stamps to wash and set a customer's hair. They are, in fact, traded like currency. Such abuses are common, including traffic in counterfeit stamps. All of this is billed to the U.S. taxpayer.

Therefore it would be to our financial, as well as to our racial benefit, to give this island independence and NOT statehood.

(Below is typical negro atrocity story which no newspaper outside the Chicago area carried. This horror occurred on April 1, 1978.)

Man Had Woman Locked In Trunk While Appearing On Rape Charges

Mrs. Linda Goldstone. Raped, murdered, in 36 hour ordeal of terror.

CHICAGO (AP) — A man charged with killing a doctor's wife had kept her, while still alive, locked in the trunk of his car when he drove to appear in court on rape and kidnapping charges, police said yesterday.

During a recess in the court proceedings, Hernando Williams, 23, of Chicago opened the trunk and spoke with his victim before closing it and returning to court, where his case was continued, police added.

The victim was Linda Goldstone, 29, who had been reported missing Thursday when she failed to show up to teach a LaMaze birth course at a hospital, authorities said.

Police said she was shot to death Saturday morning on the far South Side moments after she escaped from her kidnapper and frantically knocked on doors and called for help. One resident called police but refused to let the woman enter as her abductor returned, police said.

Mrs. Goldstone's body was found in a nearby garage. Police said she had been shot once in the head and once in the chest.

Police arrested Williams Saturday. Officers said he was later picked out of a lineup by a person who was in the vicinity of the shooting.

Williams was charged with murder and aggravated kidnapping, police said. Conviction carries a possible death penalty.

Police said Williams gave them a 33-page statement but refused to sign it. In it, they said, Williams related that he chose Mrs. Goldstone at random Thursday and took her to a motel for several hours that night, that she spent most of the day Friday locked in his trunk and that she was shot moments after being freed.

The statement said Mrs. Goldstone was allowed to call her husband twice Friday morning but was warned not to give away her location. Her husband, an obstetrician at Northwestern University Hosptial, was told that she would be home shortly.

According to police, Williams forced Mrs. Goldstone into the trunk of his car and drove around Friday, eventually arriving in suburban Maywood for his court appearance.

"He said she was locked in the trunk while he appeared at the hearing and that during one recess he went outside and spoke with her," Sgt. Michael Caccitolo said.

Hernando Williams, 23, appeared in court on kidnap-rape charges while his latest victim was in his car trunk.

Comics Disrupt Military

Protest Vicious, Lying Anti-German Comic Books

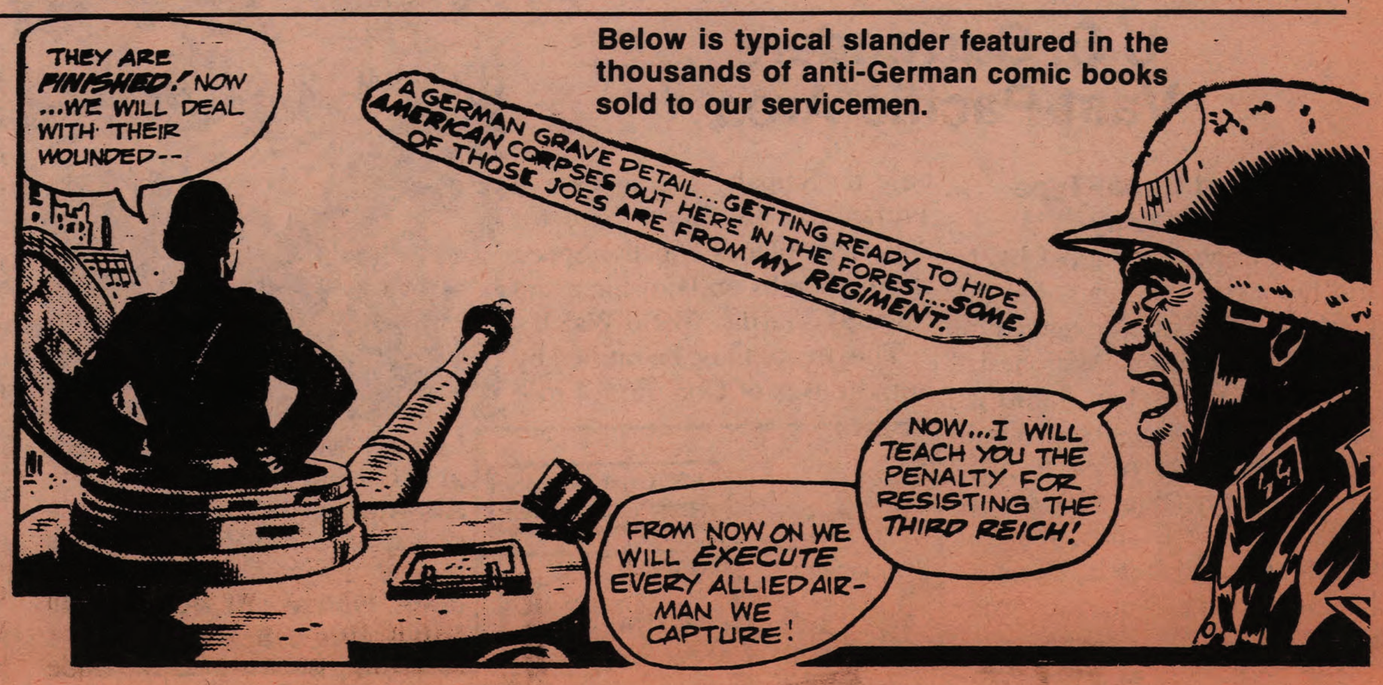
On this page we reproduce a very important article from the entertainment trade magazine *Variety*. It reveals the problems and hard feelings which the circulation of libelous and malicious anti-German comic books are causing among our armed forces. The article points out that many now joining our arms are of a very low I.Q. type, and a large number of them are colored. They purchase large numbers of these so-called "war comic books."

Not one of them is against the communists - ONLY against the Germans. They have not only turned our troops stationed in West Germany against the Germans, but are undermining NATO. Many soldiers have become so brainwashed and embittered against the Germans that they stated they would not fight to save that nation if and when the Soviet invasion of Western Europe erupts.

One of the chief offenders is DC Comics, which is owned by the Jew-run Warner Communications Corp. DC, along with every single one of the other anti-German comic book companies are owned by fanatical, German hating Jews. This is a problem which must be solved. Our own government's *Stars and Stripes* news agency allows these comic books to be distributed on our military bases and placed on newsracks owned by *Stars and Stripes*. Surely in the name of Allied European Unity, this atrocious undermining of armed forces morale should be stopped!

Above is how Germans are always pictured: arrogant and brutal - typical Hollywood-style smear job.

Below is typical slander featured in the thousands of anti-German comic books sold to our servicemen.



Why is it that there are no comic books telling the truth about the horrors of communism? That is the enemy which our men are supposed to be preparing to fight. Instead, they are constantly being inflamed against the German people just to satisfy the vicious hatred of the Jews. On top of that, all of the stories are pure Jew-invented fiction.

They show the Germans killing thousands of Allied prisoners of war. Note the cartoon reproduced on this page. A German tank driver says *"we have finished with them and now we will deal with the wounded."* Then they have the Germans shooting all the American sick and wounded. Such events never happened and the U.S. soldiers of WWII whom this editor knows were POW's said their treatment was good. Note the drawing of the "brutal-faced" German stating that they will execute every Allied airmen captures. This also never happened and the Germans arrested and imprisoned some of their own people who attacked and injured Allied airmen who parachuted from stricken aircraft.

The time has come for us to demand that our government put a stop to this treacherous and un-American propaganda. We will have much more to say on this subject in the future, including a complete listing of the comic book firms involved and their Jewish owners.

Literati

Anti-German Mags

Fritz, Ludwig and Hugo are typically stupid and brutal German soldiers. They execute women and children; also slaughter Allied parachutists caught helpless in burning trees.

They're the "villains" of the most popular reading matter for thousand of semi-literate American soldiers in Europe, who are filled with hatred for the Germans because of the mass propaganda via American comics.

That's the viewpoint of Spiegel, West Germany's top weekly news magazine. In a shocking article about the U.S. Army titled "Down with the Pigs!" it reveals that American comic magazines, many of them with primitive anti-German war stories, are the biggest sellers on the GI newsstands in Europe.

All 216 Stars and Stripes newsstands in Europe are selling the popular comics for 30¢ to 35¢. More than 4,000,000 copies are sold yearly — representing 12% of the entire sales of the Stripes newsstands.

In contrast, Playboy sells about 28,500 copies monthly, Time brings in 5,000 weekly buyers and Newsweek has 3,750 patrons on the GI newsstands).

"Blitzkrieg" and "Battle of the Warsaw Ghetto" portray the bloodthirsty Germans as "huns," "teutons," "krauts" and "rads" — the latter a derivation from "comrades" — and those are the terms which the brainwashed GI's use to portray their NATO partners today, the magazine claims.

"Half of my friends call the Germans Nazis. And these comics have a lot to do with it," commented Cpl. Eugene Snider from Indianapolis, who's been stationed in Germany for six months.

Some 37% of the 23,000 Marine recruits in San Diego could not read at the 10th grade level. And of 200,000 soldiers who joined the Army in 1974, only 78,000 were high school graduates.

The simple comics with their brutal action and their basic dialog appeal to these semi-literates, Spiegel claims. Exaggerated sales of the comics compared to lower sales of magazines like Time and Newsweek reflect this.

Comics and old war films are forming the German image for thousands of American soldiers stationed in West Germany, Spiegel claims.

Figures Prove "Holocaust" a Hoax

The 1939 *World Almanac*, which is considered fairly reliable, gives the Jewish population in all the countries that fell under Hitler's control. I have added the figures for each country and got a total of less than 4,200,000. Of this amount, 6 million are supposed to have been killed and several other millions migrated to Israel, the United States, etc. The 1947 *World Almanac* states that the Jewish population in Europe increased to 9,372,000 after the war.

I also received a book from the International Red Cross in Geneva, Switzerland, (free) on their work in Europe from 1939 to 1945. The Red Cross had access to all prison camps in Germany to help feed the inmates. There is no record of any slaughter of inmates. The Red Cross was not allowed in any camps under Soviet control.

They state that no more than 300,000 died, mostly of typhus epidemics and natural causes.

The 6 million dead Jew story is the biggest hoax of the century and is designed to mentally beat Gentiles down into total submission to Jewish political designs. S.J. Los Angeles, Cal.

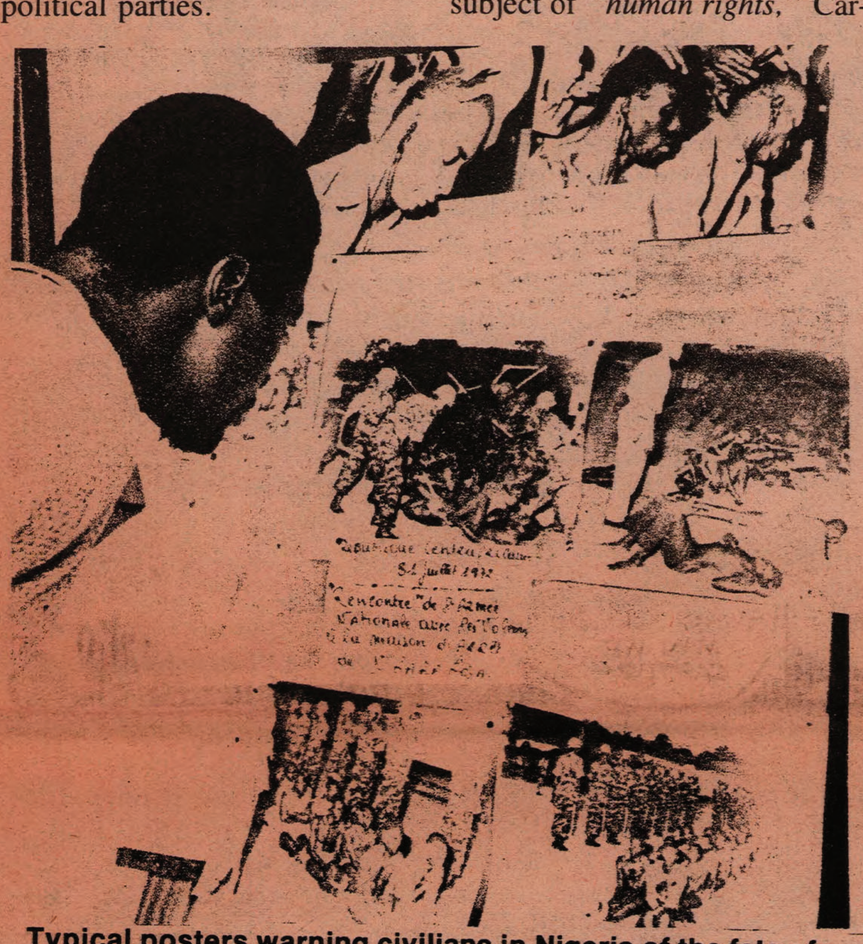
Boycott South Africa — Trade With Cuba?

Carter Says "Human Rights" Fine in Nigeria

Carter Attacks South Africa

Nigeria was Carter's choice for his anti-White speech in Africa. He told cheering blacks that *"colonialism and racism"* must end in Southern Africa. He said that time was running out for South Africa and Rhodesia to turn their countries over to black majority rule.

Strangely enough, he had nothing to say about the fact that Nigeria lives under a brutal military dictatorship. There are public executions of political prisoners, press censorship, and no legal political parties.



Typical posters warning civilians in Nigeria of the fate of political opponents. Note ears cut off, prisoners beaten, bodies of dead strewn on the ground, while others await their fate.

Even during Carter's visit, U.S. businessman Louis LeFevre, manager of the American International Insurance Co., was arrested. He was denied bail and when his black lawyer, Fred Egbe, protested, he too was thrown in jail. LeFevre, 45, has a wife and 2 children and represents the American Life Insurance Co. of Wilmington, Del. Under the so-called *"Nigerianization,"* all foreign-owned firms are supposed to sell the government 49% of their stock. LeFevre rejected the recent government bid as too low.

Still Carter thinks this is a great country, despite the fact that it does not have majority rule. Carter wants the blacks in power over the civilized Whites of South Africa and wants them in power over the civilized Whites here in America too!

Vorster Criticizes Carter

South African Prime Minster John Vorster said that instead of attacking South Africa on the subject of *"human rights,"* Carter should be more concerned with the vicious dictatorship which exists in Nigeria and those in other black-ruled nations.

Vorster said: *"Nigeria is considered respectable by Pres. Carter because the U.S. receives much of her oil from that country. This may sound cynical, but it is the cruel reality in the world today."*

Vorster added that his country's problem is *"aggravated by campaigns of churches and other so-called religious organizations against apartheid (segregation) which have made this nation a victim of both the communist countries of the East as well as the democracies of the West."*

POLAROID CORPORATION
CAMBRIDGE, MASSACHUSETTS 02139

PETER WENSBERG
SENIOR VICE PRESIDENT

January 13, 1978

[redacted]

Dear Mr. [redacted]:

Thank you for your recent letter to Polaroid on the subject of South Africa. We appreciate both your comments and your taking the time to write us.

Our decision on this issue came only after a good deal of thought and discussion. We consider it an appropriate decision for Polaroid but do not necessarily advocate it for other corporations. We feel that such a decision should depend on the circumstances and problems of each individual company.

Again, thank you for expressing your views to us.

Sincerely yours,

PWensberg

PW:ims

The above letter is from a Jew official of Polaroid explaining their unfair boycott of South Africa.

Don't Buy Polaroid Products

When Polaroid decided to cease doing business with South Africa, they left the people there holding millions of dollars worth of Polaroid equipment which is now worthless because they cannot obtain film or parts. Some 300 blacks have lost their student scholarships because Polaroid's pull-out stopped their annual $50,000 educational grant for the black students.

On this page we reproduce a letter from a Polaroid official replying to a protest letter from one of our subscribers after we called for a White Christian boycott of all Polaroid products in America. Note that the letter is from a Jew senior vice-president. Now we know the reason for Polaroid's pull-out.

Polaroid is a Jew-run firm which opposed the White Christians of South Africa and seeks to force them under the type of terror rule which drove all the Whites out of Angola, Mozambique, Kenya, Uganda, and many other once peaceful and progressive African countries that were under White colonial rule. No doubt Mr. Weinberg and his cohorts will immediately set up business again with South Africa if the Soviet-backed guerrilla forces take over the government.

U.S. Aid Going To Cuba

Trade With Cuba O.K. — Banned With Rhodesia

On this page we reproduce an article from *National Enquirer* detailing growing U.S. trade with Cuba. Despite the fact that Cuban troops are the shock troops of Soviet aggression in Africa, we are going all out to build up Castro's slave state economy.

At the same time we are cracking down hard on all firms which do even indirect business with Rhodesia and South Africa. Jew Assistant U.S. Atty. H. James Pickerstein had 21 indictments brought against the Olin Corp. of New Haven, Conn. They are charged with selling 3,200 Winchester firearms and 20 million rounds of ammunition for shipment through arms dealers in Austria and Greece. This defense equipment eventually found its way to the South Africa for the defense of the White people.

Pickerstein states that the firm can be fined $25,000 on each count and lose its export dealers license. He says Olin Corp. is in violation of the U.S. Neutrality Act because of this country's condemnation of apartheid in South Africa.

How is it that all the many companies doing business with Castro's murderous regime are not in violation of this act? Could it be that the Carter Administration is actually in favor of a communist takeover of Southern Africa?

Greeks Want Negroes Out

Last year 35,000 Greek workers returned to their native country from other nations because of the continuing economic recession. They have found that thousands of negroes from Africa and Asians from India and Pakistan have flooded into Greece.

Some 50,000 negroes have come from Egypt, Sudan and Nigeria. They work for as little as $6 a day at jobs that would pay Whites from $14 to $24 per day. Last month the government rounded up and deported 500 of these illegal aliens, but some 2,500 have married Greek girls and now have the automatic protection of citizenship.

Right-Wing groups have posted signs in Athens, proclaiming *"Keep Greece White!"* and *"Send the Blacks Home!"* One daily newspaper editorially demanded stronger government action against the colored immigrants, stating *"The blacks are invading our country. They take our jobs, marry our women and create social problems."*

Trade With Red Cuba Rapidly Expanding

(Below from "National Enquirer")

Despite Trade Ban, U.S. Firms Use Legal Loophole to Sell $300 Million in Goods To Cuba in Less Than a Year

By ART DWORKEN

Despite a 16-year-old ban on U.S. trade with Cuba, American firms have sold nearly $300 million in goods to that communist nation in less than a year — thanks to an incredible legal loophole.

Many giant corporations have gotten around the ban by dealing with Cuba through their foreign-based subsidiaries — an evasive tactic made possible by a U.S. Treasury Dept. policy change in October, 1975.

Between then and June 30, 1976, an astonishing 186 licenses have been issued by the Treasury authorizing the trade.

U.S. Rep. Dante Fascell (D.-Fla.) — chairman of the House Subcommittee on International Political and Military Affairs — thundered:

"The U.S. cannot effectively bring pressure to bear on Cuba to halt its intervention in Africa or anywhere else if, at the same time, U.S. corporations are stumbling over one another in an attempt to bolster the sagging Cuban economy."

The list of companies involved in this "back-door trading" reads like a Who's Who in American Business.

Among the corporations issued licenses are:

Ford, Chrysler, ITT, Honeywell, Borg-Warner, Emerson Electric, Union Carbide, Goodyear, United Brands, Eastman Kodak, Philip Morris and Mobil.

Also, Caterpillar Tractor, Parke Davis, Squibb, Chevron, Upjohn, AMF, Corning and Rockwell International.

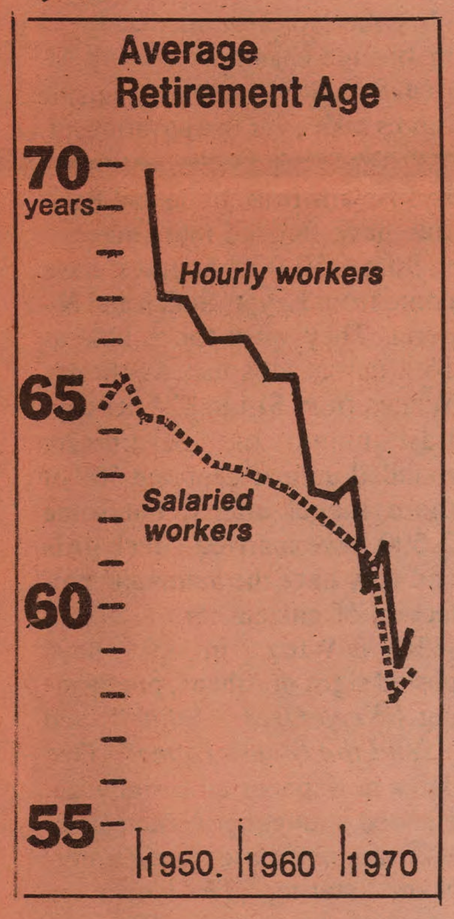
Some businessmen and Congressmen are outraged by the trade. They say the U.S. loses two ways: Products researched and developed in America are sold to Cuba by foreign subsidiaries of the huge U.S. firms. At the same time, American workers lose out on potential jobs and economic benefits provided by the trade.

For example, IBM Canada sells typewriters to Cuba, but IBM in New York doesn't, the Treasury Dept. says. And U.S. typewriter manufacturers with no foreign subsidiaries can't trade at all with Cuba.

Demand Early Retirement Pensions

Recently a federal law was enacted which would allow a capable worker to stay on the job until age 70, should he so desire. Most White people are interested in working until at least age 62 or 65, when they can draw Social Security payments. "Rev." Jesse Jackson, Chicago negro civil rights leader, says that Social Security should start at age 55 and not 62. He maintains that since the average negro male's life span ends at age 59, most blacks never live long enough to collect Social Security. The number one cause of negro death, for those between 20 and 45 is murder. Cancer is second and auto accidents are third. (The first and third do not even show up in the top causes of White deaths.)

Few people realize that today the average American worker retires at age 58. This is due to union and company agreements which provide for workers with 30 years service to be eligible for retirement pension plans. This is called "30 and out." This is fine for the big companies which can afford it, but to reduce the age for which Social Security eligibility begins down to 55 or lower would have a catastrophic effect on our economy and would undermine the Social Security system.



Some black leaders have even urged that this age reduction apply only to negroes because of their unusually short life span. Robert Bednarzik of the U.S. Bureau of Labor Statistics says that the day will come when the average age for retirement will decline from the present 58 to age 45. Even if the Social Security age requirement were lowered to 55 it would take 60 workers to support 40 retirees and they would have to pay at least 25% of their wages into such a program.

We believe that we should stick with the present 62 to 65 Social Security program and not knuckle under to minorities who do not care whether or not they bankrupt the nation. In simple terms, they do not want to work.

Terror Bombing of Hamburg

(Note: Last month we detailed the worst bombing in history, Dresden, Germany. A quarter of a million Germans, men, women and children - all refugees - were incinerated in 1945 when the war was all but over. Here is the second worst holocaust of World War II in Europe.)

by Michael McLaughlin

The Real Holocaust - The Bombing of Hamburg

It is the mark of the bully, the inflicter of pain, to justify his actions by claiming that his victim had committed even greater sins. For instance, when the subject of the allied bombing of Dresden. Hamburg and many other German cities is brought up, apologists quickly point out that this was retaliatory action for the German bombing of Coventry...and then the subject is quickly changed lest it be mentioned that throughout the entire war, only 100 acres were destroyed in Coventry and only 380 people were killed.

In Hamburg, over a period of ten tragic days, 6,000 ACRES WERE DESTROYED and no less than 70,000 PEOPLE WERE KILLED. An eye for an eye?

If we progress as far as that in the discussion, then the next apologist remark is: "Well, they started it." This also can be disproved. In fact, none other than J.M. Spaight, former Principal Secretary of the British Air Ministry freely admitted that the initiative for the deliberate bombing of civilians was provided by the allies and that the principle reason for such bombings was that they would invite retaliatory action from the Germans

There you have it from the horse's mouth...far from being the victim of Nazi designs, the British were deliberately provoking the Germans into attacking English cities so the British could show their Soviet allies that they were doing their bit. If you think that this is farfetched, then read the book *Bombing Vindicated* by J.M. Spaight - if you can get hold of a copy.

Spaight went on to say that Adolf Hitler realized that in the event of war breaking out between Germany and England, Britain would bomb the Germans and, as a consequence, Hitler was genuinely anxious to reach Britain with an agreement *"confining the action of aircraft to the battle zones."* Britain refused to sign any such agreement, which would have saved hundreds of thousands of lives on both sides, most of whom were the war's innocents (women, children and the elderly.)

Finally, Spaight agreed that Hitler only undertook the bombing of the British civilian population reluctantly three months after the R.A.F. had commenced bombing German civilians. Spaight said that after it started, Hitler would have been willing at any time to stop the slaughter: *"Hitler assuredly did not want the mutual bombing to go on."*

One can't help wondering just who Britain's friends were. The British leaders ot Adolf Hitler - for here is clear and undisputed proof that Hitler wanted the bombings stopped, but Britain's leaders did not.

Concluding on this subject, Spaight says *"The attack on the Ruhr was an informal invitation to the Luftwaffe to bomb London."*

Despite the anti-German hysteria of the time, many members of Parliament saw disaster and dishonor in this policy and questions were asked in the House of Commons whether Britain had established such a policy of indiscriminate bombings. Ministers of the Crown denied that such bombings had commenced and in doing so deliberately lied not only to the British people, but to the people's parliamentary representatives also.

Such a policy was to have far-reaching consequences. Tens of thousands of British civilians, women and children would die in Britain to show Communist Russia that they were doing their bit. In Germany, hundreds of thousands of similar women and children would die. The destruction of Europe's blood was about to commence and part of that tragedy was to be in Hamburg.

Those who remember the London Blitz will know what a great tragedy it was. In the course of the war, London lost 1,600 acres. It will give an idea of the Hamburg holocaust, which devastated 6,000 acres in 10 days.

The "raid waves" started on July 24, 1943 as 5,000 British airmen strode to their 800 four-engined heavy bombers. Their objective: to hurl Hamburg into a sea of flame and bring about a destruction and terror that defies all description.

"For weeks afterward," said an official German document, *"eyewitnesses were unable to report without succumbing to their nerves and weeping hysterically. They would try to speak, then would break down and cry: 'I can't stand seeing it again, I can't stand seeing it again.' "*

A woman who did survive the Hamburg Holocaust was interviewed weeks afterward. She still had not recovered from the shock of her experiences in the sea of flame.

I saw people killed by falling bricks and heard the screams of others dying in the fire. I dragged my best friend from a burning building. She died in my arms. I saw others who went stark mad. The shock to my nerves and soul no one can ever erase."

The Police President of the stricken city said: *"Its horror is revealed in the howling and raging of the firestorms and the death cries of the martyred human beings as well as the big silence after the raids. Speech is impotent to portray the measure of horror. No flight of imagination will ever succeed in measuring and describing the gruesome scenes of horror in the many buried air shelters. Posterity can only bow its head in honor of the fate of these innocents, sacrificed by the murderous lust of the sadistic enemy!"*

After ten days, Hamburg, a city as big as Birmingham, had with its inhabitants disappeared from the European map. One of Europe's

A young German mother, with babe in arms, was actually melted down into the pavement under the searing heat of the Hamburg firestorm. She was someone's wife, someone's mother. When will TV present the real "holocausts" - Dresden and Hamburg?

most beautiful cities was now a desert of death and decay, scorched burned smoking buildings, decomposing corpses. This was the result of the Lindemann Plan, Churchill's Jewish adviser who had initiated the plan to bomb Europe's White Christians.

Lindemann's proposals had already been rejected by two higher-placed British experts but Jewish power and money held the day and the massacre was complete.

The Horror of the Phosphorus Bomb

Let us take a peep into the inferno as it happened. Every kind of bomb known to mankind was hurled from the sky. There were also bombs UNKNOWN to mankind dropped because they were so horrifying that the British and Allied people, had they known, would never have been a party to their use. These were the phosphorus bombs. Perhaps the world's most renowned researcher into the bombing of Hamburg, Martin Caidin admits that whilst most aspects of the Hamburg Holocaust were made available to him, he found doors closed in his face when he researched the use of phosphorous bombs. The reason being best explained by a story told to him by a U.S. Army officer that portions of the documents of the aftereffects of the Hamburg attacks were ordered to be destroyed, and ALL REFERENCES TO THE SURVIVING VICTIMS OF PHOSPHOROUS BOMBS STRICKEN FOREVER FROM THE RECORDS.

Phosphorous sticks to any surface that it touches. Metal, wood, concrete, clothing or human flesh and will continue to burn unless it is scraped off or denied oxygen. As thousands fled the bombing, many of the fleeing women and children were caught in a shower of phosphorous. Clothing caught fire immediately and had to be ripped from the body. When the burning chemical landed on the hair, the agonized victim was doomed. There was no chance to cut off the hair and the chemical globs burned fiercely, setting aflame the entire head and burning against the skin itself. These terrified and pain-wracked victims, many of them children were seen to leap about in a frenzy, or to dash their heads against the ground in a blind panic. Covering the burning areas only set fire to the material that was thrown onto it...those who fell by the wayside, writhing in agony as the flames burned down into their skulls were simply left to their fate.

A number of these victims were near the banks of the River Alster and it is a horrifying aspect that those who leaped into the water were to become the most unfortunate victims of all. These shreiking doomed souls, trailing tongues of flame and smoke dashed madly into the river. Men, women and children ran hysterically, falling and stumbling, getting up, tripping and falling again and rolling over and over in their efforts to reach the water. Not all of them made it. Many were left behind, their feet drumming in blinding pain of the heated pavements and rubble, until there came a last convulsive shudder through the smoking thing on the ground and then-no further movement.

Yes, they were the lucky ones. Those who made it to the water were the unlucky ones especially those with the phosphorous on the heads and necks for phosphorous can be doused only by denying it oxygen. Those agonized souls who had the chemical above their shoulders extinguished the flames by ducking under water but as soon as they surfaced, the phosphorous burst into flames again. They had the unbelievable terror of choice-death by drowning or by burning.

While others watched, sick and despairing, these victims thrashed madly in the water. Mothers watched their little girls and boys screaming in their pain and madness, choking and spluttering, burning alive and drowning until they met a slow and pain-wracked death.

In an article this size, only a brief description of the effects of phosphorous can be given as is the case with other causes of death etc. Many died of course from burning, falling masonry and simple fright.

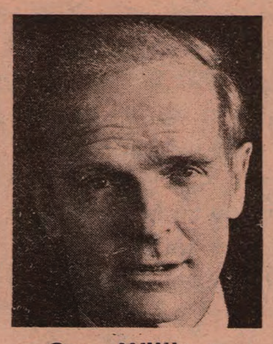
Mailing "Holocaust" Influences Congress

Proxmire Wants Free Speech Banned

"HOLOCAUST" Excuse to Adopt "Genocide Treaty"

Sen. William Proxmire, the left-wing radical from Wisconsin, mailed a letter to every daily newspaper in America urging public support for adoption of the U.N. Genocide Treaty. He said that in light of the *Holocaust* TV show, the time had come to use public revulsion over this issue to adopt the Genocide Treaty, which would ban all criticism of minorities.

Proxmire never lets a single week go by without injecting a demand for passage of the genocide Treaty into the Congressional Record. Proxmire stated



Sen. William Proxmire

that 82 U.N. members, including all communist and African nations, had adopted the treaty. (Note: This has not stopped Idi Amin of Uganda or Cambodia from committing genocide in their countries.) Proxmire stated that if America wants to demonstrate its concern over human rights, then *"the time has long since come for the U.S. to support this treaty."*

The U.S. Bar Association has time and again warned that the Genocide Treaty could be used to silence those who wish to speak out against excesses committed by minority groups. At the same time, it would not stop those who endlessly attack Whites as bigots, WASPS, hatemongers, etc. Race Relations laws like those in England, Canada, France, and Germany would then be enacted to enforce the Genocide Treaty. These laws could ban free speech and place us under secret police state tyranny in which no one could speak out against minority excesses.

Georgians should note that their Sen. Sam Nunn, who voted for the surrender of the Panama Canal, has already publically stated that he will vote for the Genocide Treaty. Such enemies of the White majority richly deserve to be retired from office in the next election.

"Holocaust" Used to Pressure Congress

The Washington Post of April 22, revealed that the Jewish Lobby (American Israel Public Affairs Committee -AIPAC) had mailed copies of the book *Holocaust* to every senator and congressman, State Department official and members of the capitol news media.

Aaron Rosenblum, director of AIPAC, said that the intent was to influence public officials to oppose the sale of F-15 fighter bombers to Saudi Arabia and Egypt. He said that the mailing of Jew Gerald Green's book, following on the heels of the TV docudrama, would *"sensitize members of Congress to Israel's needs."*

Rosenblum further admitted that *"frankly it will affect a few votes here and there, and simplify lobbying."*

In the past AIPAC has denied that it represents a *"Jewish Lobby."* He added that this would also help back up Israeli Prime Minister Menachem Begin in his coming visit to request more U.S. economic and military aid. It should be noted that today tiny Israel is the world's third-strongest military power due to the vast amount of armaments we have poured into that country.

Along with the free copy of the book representatives received, was a letter from Rosemblum stating: *"this chilling account of the extermination of 6 million Jews underscores Israel's concerns during the current negotiations for its security."*

He told a *Post* reporter that he knew of members of Congress who have changed their positions on arms sales to the Arabs since viewing *Holocaust* on TV. Thus we see the diabolical pressure which the Jews can bring upon Congress so that they cannot make a fair decision on treating all Middle East countries with an even hand. The Jews demand that their wishes come first and would just as well force the Arabs to go to the Soviets for aid than have them become better friends of America.

In November, 1956, in the Gaza Strip, present Israeli Prime Minister Begin's "Irgun" terrorists captured 400 Arab men, women and children. They were lined up against this wall and shot in the back.

Mourning relatives identify their dead at the Gaza wall. In Khan Yunis, Begin's killers slaughtered 950 innocents, 300 were murdered in Rafah, and 250 in Deir Yassin. This is the terror which forced over 1 million Palestinians to flee their homes. When will our 3 Jew-owned TV networks present this real "Holocaust?" (Remember, NBC is owned by the Sarnoff family, CBS by Paley and ABC by Goldenson.)

Communist Joins Jews at Auschwitz

The communist government of Poland invited Jews from 16 East and West countries to attend the opening of a new museum at Auschwitz to commemorate the 6 million dead Jews the day after the *Holocaust* TV show ended. Dr. Nahum Goldmann, past president of the World Jewish Congress, spoke as did Jacob Silberstein, secretary of the *"Death Camp Survivors Association."* (He must have 6 million members from all the chapters they have world-wide. There are some 7,000 holocaust survivors living in Skokie, Ill. alone.)

Israel's national radio broadcast the ceremony with dictator Henrik Yablonsky of communist Poland stating that Jew memorials, cemeteries, and synagogues will always be protected in communist Poland. Leaders of Jew communities from all communist nations were there, including the chief rabbi of Hungary, who spoke of this great step forward in Polish-Jewish relations.

"Holocaust" to be Viewed in Germany

Heinz Galinski, head of the Jew community in West Berlin, has demanded that the *Holocaust* TV show be rebroadcast over German TV. He says that *"the Germans are too quick to forget their crimes and must be constantly reminded."*

ARD-TV, the state-subsidized network, quickly announced that negotiations were underway to purchase broadcasting rights with dubbed-in German. Peter Mertisheimer said that this was no mere soap opera, as critics have complained, and should be viewed. No doubt Patriots will protest this continued attack on Germans to beat them down into eternal submission to the demands of the Jews. They have already extorted over $20 billion in so-called reparations from this horribly mistreated nation.

Jews Claim "Holocaust" Gives Them Right to Attack Christians

JDL's Belligerent Announcement

On April 20, the Jewish Defense League ran an ad in the *New York Times* stating that they could *"commemorate this birthday of Adolf Hitler to reaffirm our vow of Never Again."*

The ad proclaimed that there were some 159 so-called "Nazi war criminals" in America (none are Germans, all are East Europeans who flatly deny such charges.) The JDL stated that *"through demonstrations in front of the homes of these criminals, by filling courts during deportation hearings, and other JDL (harassment) activities, we will serve as a constant reminder that Jews never forgive and never forget."* Then they ask for money to be sent to their headquarters located at 76 Madison Ave., New York 10016.

It should be noted that the Pope of the Roman Catholic Church declared the Jewish position of "never forgiving" an inhumane attitude which is the opposite of Christian ideals.

The JDL has, on numerous occasions, attacked innocent people, accusing them of being war criminals. In one case in Chicago, a Polish citizen had mace thrown in his face when he was confronted by screaming JDL Jews calling him a war criminal. He had to be hospitalized.

There have been almost no arrests in these outrageous cases because police and the courts are in fear of the *"self-chosen people."*

Poles Protest "Holocaust" Hoax

Tear Down Israeli Flag

White Plains, NY has a Judaized priest named Rev. Henry D'Anjou. He held a Jewish "seder" celebration in his Polish-American Sacred Heart Church. He said that in memory of the holocaust, we would fly the Jewish Star of David flag above the Church.

That night two Polish men tore down the flag. They later told Fr. D'Anjou that they came from a Polish village near the Russian border. When their country was divided between the Germans and the communists early in World War II, they were arrested by the Soviet Secret Police (NKVD). They said that the arresting officers were Jewish communists and they did not see why they should honor Jews. Also, the Jews helped install a communist ruling puppet state over Poland after the war. The first leader of that new regime was a Jew.

Important New Book on Trotsky

Payne on Leon Trotsky

Robert Payne is a meticulous biographer and his new book, *The Life and Death of Trotsky* is superb. It can be ordered through your local bookstore, publisher McGraw-Hill, 498 pages, $11 per copy.

Many American students have been brainwashed into believing that if Trotsky had won his power struggle with Stalin, communism would have been a "great" economic system to live under. Trotsky was a Jew who lived in the Jewish ghetto of New York's lower east side slums. When silent films first began he worked for a movie company and actually appeared in one movie. Jewish banker Jacob Shiff gave him $20 million to finance the communist revolution to overthrow the Czar of Russia.

Trotsky was the first commander of the Red Arms after the half-Jew Lenin seized power. Robert Payne documents Trotsky's regime of terror so that students should now know there was no difference between Stalin and Trotsky. This book is very important for today's college youth because Trotsky's old *"Socialist Workers Party"* and its youth arm, the *Young Socialist Alliance*, are active on most of the larger college campuses.

Intermarriage May Destroy Jew Race

Jews Want No Converts

Jews Fight Against Intermarriage

The single group in America which has long advocated interracial marriage between White Christians and the colored races has been the Jews. They have always stood in the forefront of the racial equality movement. Yet, in studying their own publications, it is evident that the Jews are strongly opposed to intermarriage of Jews with any other race. They claim that intermarriage can lead to the extermination of the Jewish race!

Boris Smolar is one of the leading Jewish writers in this country and estimates that some 1,400,000 Jews have married Gentiles. Considering the fact that Jews constitute between 10 and 12 million of our population, this means they have lost some 10% of their people.

Rabbinical Assembly executive Rabbi Wolfe Kelman says that their 1,000 members are forbidden from officiating at intermarriages. Judaism is the only religion in the world which does not seek converts and never proselytizes.

Converts Discouraged

Rabbi Kelman said that *"in this day of zero population nonsense, we must hold on to our own."* He says that many who convert to Judaism in order to marry Jews are insincere proselytes who cannot be depended on to raise their offspring as Jews. Kelman says these converts are called *"Ger Shekers,"* which means outcasts who are not considered to be real Jews.

The Jewish Advocate publication in Boston where 250,000 Jews reside, reports that through an intensive social program designed to bring young Jews together, they have been able to cut the intermarriage rate down from one out of three to one out of five.

Jewish Defense League founder Rabbi Meir Kahane, has written a new book entitled *Why Be Jewish*. He states that intermarriage leads to alienation from Jewish society. Kahane writes that *"for millions of Jewish parents the most important problem in the world is how to keep their children active as Jews."*

Has new plan to stop intermarriage.

Rabbis Against Mixed Marriage

UPI Religion Writer

WASHINGTON (UPI) — Rabbis in the Conservative Jewish movement have been told not to participate in marriages between Jews and non-Jews, but to try to convert the non-Jewish partner.

A report issued by the Rabbinical Assembly's Committee on Jewish Law and Standards, updating the organization's stance on the issue of intermarriage said, "The rabbi and all organizations should work to prevent such occurrence."

Whites Should Marry Their Own Kind

When we make the same kind of statement, we are condemned as "racists." *The Thunderbolt* and the National States Rights Party take a strong stand against intermarriage just like the Jews do. We want to preserve our own kind so that civilization and our republican form of government of freedom and liberty can continue as it has existed only in White nations.

We have a right and a duty to protect and hold intact the White Race, which otherwise will be utterly eradicated from the face of the earth unless interracial marriage is stopped. The strange part of all this is that it is fine and good for the Jews to advocate such programs to preserve their race, but it is wrong when we proclaim the very same right for White Race survival.

White people must learn to be proud of their race and heritage. We must do all that we can to prevent the spread of the horrible suicidal scourge of interracial marriage.

Jews Fight Intermarriage

Jewish religious and community leaders are extremely upset over recent figures which show that more and more Jews are marrying Gentiles. In America 35% of all Jew marriages are mixed. In Canada it is 30%. In Argentina it is a full third and in Holland it is the highest in the world - 60%. Jew leaders state that if this trend is not stopped then assimilation will eradicate Jewry from the face of the earth.

A strong protest has been lodged by the "Anti-Shmad" organization of 824 Eastern Parkway, Brooklyn, N.Y. In ads placed in Orthodox Jew publications its founder, Rabbi J. Hecht, wrote: *"Everybody is upset about the high rate of INTERMARRIAGE...We are all guilty of allowing this epidemic which has become rampant. Action must now be taken to stop this terrible menace that has engulfed our people."*

When the National States Rights Party takes a similar stand against interracial marriage which is polluting the White Race, we are denounced by liberals as being guilty of "prejudice and hatred."

Chicago Jewish Sentinel writer Sheryl Leonard states that those who shun mixed dancing are more likely to avoid mixed marriage. She writes that Jews who visit clubs and dance with Gentile girls have an intermarriage rate of 50%. Those who attend dances at Jew Community Centers have a mixed marriage rate of almost zero.

The Thunderbolt has long maintained that out forefathers were correct when they warned our people not to socialize with colored peoples. We were not allowed to eat with them, go to school with them, or attend dances and parties with colored people. Since our Segregation laws and racial customs have been broken down by Jews and White Christian liberals, there has been a rapid increase in interracial marriages. When we warn our people not to socialize with non-Whites, we are smeared by the race-mixers, but when the Jews so act to protect their kind - it is fine.

Mixed Weddings a "Fifth Column"

Rabbi Irving Rosenbaum of Chicago has issued one of the strongest condemnations of Jews who marry Gentiles we have ever read. He charged that they are creating a "fifth column" within Jewish ranks which can eventually undermine and destroy Jewdom if not stopped. The rabbi declared, *"I cannot contain the vehemence of my anger at the malaise which mixed weddings are being accepted."*

Rabbi Rosenbaum urged Jews not to accept invitations to such weddings and even make their opposition so vocal that they will not even be invited in the first place. He added: *"At this point I become violent when I hear of Jews attending such weddings. What is any Jew who believes in Jewish survival doing there? I say don't go, even if you risk incurring the wrath or even contempt of your friends and family. If you don't heed my counsel, you risk incurring the judgment of history which will label you a fifth columnist."*

Rosenbaum said that it is a tacit endorsement of mixed marriage when there is no *"implicit condemnation, let alone stigma attached to a mixed marriage. The younger brothers and sisters of the Jewish bride or groom are likely to walk down the same kind of aisle."*

Again we White Christians should condemn any of our folk who marry outside our race as "fifth columnists." They spread the disease and pollute the bloodstream of the White Race with non-White genes. Thus our race is being melted down by those who produce mongrel babies. Once such offspring grow up they almost always seek full-blooded White mates and thus continue the downbreeding of our race. Yet the news media treats our appeal for the survival of the White Christian people with ridicule and condemnation. They would not dare criticize the Jews who take a much stronger stand on this subject than we do. Thus we witness the irony of hypocrisy.

How to Stop Intermarriage

England's Chief Rabbi, Immanuel Jokobovits, states that the half-million Jews in that country will lose 25% of their people through assimilation. He states that the promotion of Jewish Day Schools can save 70% of Jewry. He urges that *"intermarriage should be treated as a sympton rather than a disease."* Jokobovits stated that Jews must erect *"self-imposed barriers of isolation from the rest of the community."*

He urged that Jews see to it that young Jews socialize with other Jews so that those who remain in the fold will become "more cohesive." Rabbi Jokobovits also reported that Jews should be more loyal to the synagogue because it would help increase their population growth. He stated that observant Jews had on the average 2.7 children per family while others had only 1.7 children per family.

It is clear that Jews are fighting for the preservation of their race. It is even more important that we White Christians do the very same thing. The Jews have been called by the U.N. as the most "racist people" on earth. This is true and it is why they have remained intact for thousands of years. It certainly behooves the White Race to quickly adopt this same attitude in working for the PRESERVATION OF THE WHITE RACE.

While Jew religious and community leaders urge their young not to intermarry, how many of our ministers or civic leaders strive to preserve the purity of the White Race? The answer is almost none. Therefore we must being this issue out into the open and demand that one and all recognize the problem of White Race survival and begin now to enlighten our young to the deadly threat of mongrelization of the White Race.

Terror Bombing Of Hamburg
[Continued from Previous Page]

Temperatures in the streets of Hamburg reached 1,472 degrees F. Hundreds of people left their shelters when the heat became too intense. They would run across the street and collapse to fail to rise again. Many thus killed were found to be naked when discovered - the heat being so intense that the victims' clothes would simply dissolve without actually being on fire.

Although it was a windless night, the burning of Hamburg generated its own wind and six square miles of the city were engulfed in a flaming inferno. Gales to feed the inferno reach hurricane proportions. Parts of buildings, human beings, vehicles are sucked into the flaming city and yet there is worse to come.

Everything is black save for the light of flames. Buildings collapse from the force of the wind and the heat. Everything burns-the firestorm is unchecked and a whole magnificent city of 2,500,000 people dies in unimaginable horror. For a hundred miles and more, the glow can be seen. A single writhing flame reaches thousands of feet into the air. The wind exceeds 150 m.p.h.

How can the temperature be described which those people, tens of thousands of whom are innocent children have to endure? At 1,400 degrees Fahrenheit lead becomes a bubbling liquid, aluminium pours like water, wood explodes, glass melts.

The flames reach 3 MILES ABOVE THE STRICKEN CITY. THE POISON GASSES REACH NINE MILES ABOVE HAMBURG.

The men, women and children of Hamburg are doomed. Thousands of people are burned to death in the streets, twitching and writhing as the flames consume them. The children run hundreds of feet, perhaps only ten or twenty, their shoes catch fire, their tiny limbs are sticks of flame, blazing stumps that can no longer support them. They writhe and thrash madly on the ground melting into the bubbling tar.

The canals of Hamburg are jammed as thousands of people seek survival in the waters standing shoulder to shoulder. They choke on the stench of their own burning flesh. Their hair burns, the flesh on their faces bursts. In the bomb shelters, mothers and their families group together embracing each other and slowly the heat rises until death takes them. In the shelters, eventually, thick glass bottles melted and dissolved into shapeless pools of liquid. The bricks of the shelters slowly crumble into sand and when, weeks later, these tombs are opened, all that remains of the hundreds of people in each shelter is thick liquid and yet, tomorrow night, the bombers will return once again.

It is impossible to give but a brief glimpse into a horror that defies the imagination and researching and writing about it makes one wonder if this could have really happened. We talk of the barbarism of the middle-ages, surely we do that age a terrible injustice for the barbarism displayed in the so-called enlightened 20th century far exceeds the horror of the past. Let us pray that the White man will never ever again fight his brother in such a fratricidal way. The real enemy is Communism and Zionism. The Allies along with Germany **and Japan lost World War II to these two implacable foes.**

Integration Stops Education

(Below reprinted from Time Magazine, Jan 23, 1978)

The ABCs of School Violence

Classroom survival is the lesson of the day

It is morning at Morris High School, a gothic fortress rising above the ruins of New York City's scarred South Bronx. All but the main entrance is sealed; in front of it is a security guard, ready to turn back anybody who tries to enter without proper identification. Inside, five more guards equipped with walkie-talkies patrol the halls and cafeteria in the 60% Hispanic, 39% black school. Most classroom doors are locked after classes begin, and study halls, once a favorite spot for fights, have been shut down. The dingy lockers that formerly lined the corridors have been removed. Explains Principal Chester Wiggan: "The kids used to store drugs in them and set fires." Four trailers equipped as classrooms, in which pupils who are disciplinary problems study in isolation from the rest of the student body, are parked outside.

The military-camp atmosphere of Morris High is extreme. But increasingly, schools from Memphis to Los Angeles are adopting similar methods—as well as closed-circuit TVs, guards, emergency phones in the classrooms—to combat a violence that was once undreamed of. Last year alone, Memphis reported 680 assaults, 144 of them directed against teachers or administrators. Miami's Dade County registered a shocking 1,153 attacks, and in Boston schools there were 155 assaults on teachers alone. In high-crime New York City, students erupted in 2,420 attacks, half of them against teachers. In Chicago the assault rate is running at five to six cases a day.

Once a matter of shoving or fistfights, assaults today often result in bloodshed and even death. Last September an eighth-grader in Dade County's Westview Junior High died after a classmate smashed his face with a padlock during a lunchtime brawl. Just two weeks ago a 15-year-old boy was fatally stabbed in the chest at John Adams High School, in the Queens section of New York City, while his screaming girlfriend watched helplessly. On Dec. 5, a Los Angeles high school gang stabbed one victim and beat a second with a heavy belt buckle. Attacks against teachers seem to be increasing faster than student *v.* student assaults.

New Jersey officers examine weapons taken in one sweep at a negro school.

Negro Education Is Inferior

Washington, D.C. schools are over 90% black. Negress Linda Johnson graduated from Roosevelt High in the top 20% of her class of 266 students. She took an entrance examination at Georgetown University. She was admitted by the college as a *"special student on a noncompetitive basis"* when her scores were below the acceptance level of 610. Within 5 months Linda Johnson had to drop out of Georgetown for grade failure.

Linda Johnson graduated with honors from a Washington high school but quickly flunked out of college

She reported that she could not understand why her highest grade in college was a failing 380 in English when the average for Whites was 515. Her mother blamed the Washington, D.C. school system. Mrs. Johnson said *"the teachers are of poor quality."* The college told her that she was a slow reader and she admitted that she never had time to complete tests and even had no concept of simple multiplication. The Johnson girl says she feels *"cheated, hurt and surprised"* to discover she is not college material.

It should be noted that not too many years ago Washington, D.C. had one of the finest public school systems in the nation when it was segregated. Now all this is in ruins, despite the federal subsidies providing more school funds for Washington than for any other school system in America.

Then where does the problem lie? Could it be with the new breed of people who now populate our nation's capital? The time has come to ponder the adverse effect which backward black students have on White children in the rest of the nation's schools. It should be noted that the national verbal average score is 450, but in the Washington schools the average is a very poor 330.

Whites Always Guilty?

New York Stops Teacher Transfers

Chicago has not been able to extirpate itself out from under the federal gun like New York City. There Jew School Chancellor Irving Anker issued an order on April 6th, 1978 that there will be no more teacher transfers in New York City. He stated that the program was *"distasteful"* to most teachers, of whom 40% are Jews. He charged that the program was a *"prescription for division and hostility."*

Mr. Anker said his order would go into effect despite the threat of the "U.S. Office for Civil Rights" to withhold $35 million in federal funds. Anker said that the city's 50,000 teachers who are black or hispanic could relate better with their own kind and that this was especially true for Latinos who need teachers who are bilingual (who can speak Spanish).

As of this writing, there has been no further threat from HEW to cut off federal funds. Still Chicago remains under federal siege. Teacher transfers have wrecked Atlanta schools, and are destroying Louisville schools. How can New York get out from under such orders? Could it be the Jew money power and influence in Washington is what gives them special privileges which are denied White Christians?

MELLAINE TURNER

Charlotte, N.C. School Supt. Jay Robinson says that next fall large numbers of students will have to be bused to different schools to maintain a balance of 37% black in all schools. He stated that maintaining "strict discipline" was necessary to stem the flood of Whites moving out of the Charlotte-Mecklenberg School system. This district in the past has been cited as a model for the ideally integrated school system!

Self-Hate Used Against Chicago Protesters

Sickle Cell Anemia is a race disease which exists only in negroes or those with negro blood. When Chicago began its program of busing blacks into White schools, there were numerous protests. After one such demonstration a negro girl, Mellaine Turner, died one night in her home.

The liberal Chicago press blamed Patriotic White protesters saying they had frightened the "poor" girl so badly that she had died of a heart attack. When a medical examination had been completed it was proved that the death was caused by the negro Sickle Cell Anemia disease which is incurable. Still Jesse Jackson and his White bootlickers cried out that it was the White people who were to blame. As always the Whites are *"guilty"* and the *"self-hate complex"* is the main weapon the race-mixers use against Whites. They want to silence our right to public redress of our grievances as guaranteed by the U.S. Constitution.

Race Mixing Inhumane For White Children

School Problems Mount Chicago's negro Wendell Phillips High was part of a study that found 14% of the students to be heroin addicts. Also the study showed only 1/3 of all acts of school violence against property, other students, and teachers are reported to the police. Thus you can triple the acts of school violence normally reported. Is it any wonder that Whites do not want their children bused to black jungle schools?

Jackson, Miss. schools report a new problem of head lice among negro children. It is caused by head lice which lay tiny gray eggs called nits in the follicles of the hair. This can be communicated to other children they come in contact with in the classroom. This problem comes from unsanitary homes where sheets, towels, and sleeping areas are unclean. School officials have asked negro students to cease wearing hats, hair bands, or hair ornaments which make it more difficult to get rid of the lice.

Shreveport, La., Fair Park High Whites have protested that it is not fair to force them into a majority black school. Some 100 Whites demonstrated saying the former all-White school is now 67% black and only 33% White. They said that most of the teachers are negroes and that Whites are frequently abused. A negro school official admitted that: *"Whites don't like blacks. Blacks don't like Whites and the Whites more often get jumped on. It seems that the races just tend to segregate by choice."*

Thus some people are just now beginning to learn what we have been telling the nation for over 20 years.

Corpus Christi, Texas negro school teacher Janet Cooper has won reinstatement to her job with $15,000 in back pay and $4,500 in attorney's fees. She was suspended after using a social studies course to teach White children that the Reconstruction period (forced race-mixing) was good for the White people at the end of the Civil War. One question involved student attitudes on interracial dating in which a favorable response was the correct answer. The National Education Association (NEA) defended the negro teacher's right to get her job back.

Puerto Rico's Sewer Population Floods

By Dr. Edward R. Fields

The Story of Two Gangs

New York's gangs mainly attack the very young and the very old. They chase people with baseball bats, guns and chains. Many seriously injured do not file complaints with the police because they fear retaliation. Often the gangs will make war with each other with open shootings on street corners in broad daylight. These negroidal youths, in their teens and early twenties, hang around street corners terrorizing passers-by while drink wine almost continuously. Many are on drugs.

Two such gangs are the Unknown Bikers and the Dirty Ones. One Puerto Rican girl named JoAnn, 18, goes with "Little Willie" of the Bikers. Her sister Nellis is with "Chev" of the Dirty Ones. They have not been able to meet in over a year because the gangs are at war. They must live with the gang and not leave its "territory."

JoAnn had a baby when she was 16 and it is kept by Willie's mother. This enables her to draw $150 per month in welfare, which she must turn over to the Unknown Bikers. The girls do not attend school and spend their days watching TV, drinking wine at night with the youths who "own" them.

Recently Nellis was arrested for carrying a concealed gun. The gang has their girls carry weapons which they can easily hand to the boys when they are needed. These street-wise thugs know that the courts will deal leniently with girls. The girls must cook and clean the hangouts of the gangs. They have their own tribal rules, rituals and hierarchies.

When they are not fighting other gangs, they are attacking buildings and vandalizing cars. One young girl in JoAnn's living room was bleeding from a bullet wound in the leg. She was not going to the hospital and simply tied a rag around the wound to stop the bleeding. The other members of the gang vowed to kill the other Puerto Rican who had shot her in this most recent "rumble."

Thus life goes on in the jungle created by the negroidals we have imported into this country from Puerto Rico and Africa. They are hell-bent on destroying our civilization and if the White people do not band together, this nation will go down more quickly than any other nation in history. We have been a nation for only 200 years and not long ago celebrated our bicentennial. The question now is whether or not we will have anything left for a tricentennial.

JoAnn and "Little Willie" are Puerto Rican negroidals whose terror gang has helped destroy the Bronx

Puerto Ricans' High Intermarriage Rate

Since Puerto Ricans come in all shades of colors, they intermarry with Whites more easily than do negroes. The 1970 census found that 34% of all Puerto Rican men in New York had non-Puerto Rican wives. The more educated they are, the higher their intermarriage rate. Of their women who have graduated from high school, 44% were married to White men.

It is obvious that Puerto Ricans have a low opinion of their own race because they actively seek to marry Whites and try to move away from their fellow Puerto Ricans whenever possible. Richard Severo interviewed the family of Jose Vega, who had moved from the Bronx to Mt. Vernon. Vega stated that since he and some other Puerto Ricans had moved into the neighborhood, the Whites had begun to move out. Vega said: *"I am a decent man. Why do these people (Whites) move when they see me. Now the undesirable Puerto Ricans are beginning to move in and the ugly process of the Bronx is recurring again."*

Puerto Ricans have large families and their intermarriage rate is growing. If you discount all other colored immigration to America, Puerto Rico alone can destroy our race and nation by continuing to dump its overflow population upon our shores. Independence for Puerto Rico could stop this frightening menace.

Negro Teen Gangs Threaten Society

There is little in the daily press about the growing threat of negro and Puerto Rican gangs which are literally wrecking our largest cities. They are driving White people and businesses out of the central cities and actually destroying entire neighborhoods as police and political leaders practically look the other way. Apparently they do not want to interfere with this minority's "civil rights."

The six cities most seriously affected by this growing menace are New York, Los Angeles, Philadelphia, Detroit, Chicago and San Francisco. Others facing a less severe threat are Cleveland, Washington, St. Louis, Baltimore and New Orleans.

The following is an in-depth report on how these gangs operate and how innocent people are victimized:

Chicago has 147 known gangs with perhaps 20,000 members. The Blackstone Rangers is one of the largest gangs. At one time, under Pres. Nixon, they actually were given federal grants to help the neighborhoods they were really tearing down. This aid was stopped after some of the young black leaders began killing one another fighting over the money.

Not long ago the gangs carried knives and clubs, but today they are well-armed with Smith & Wesson guns, not "Saturday night specials." Actually the latter has become the poor man's means of protection. This is the chief reason poor Whites should be allowed to own such weapons for self defense. Gang members range in age from 12 to 21 and are not afraid to steal, rob and kill.

Juan Gonzales' son was 13 when he beat a gang leader to death for trying to extort his school lunch money. That was nine years ago, but reprisal threats and vandalism of the Gonzales home continued. Finally they tossed a firebomb in the window and burned 13 year old Laura Gonzales to death.

Gangs establish "territories" and schools in such areas are considered private turf. Students attending these gang-controlled schools must pay fees of a quarter to a dollar for the "privilege" of passing through hallways or using bathrooms, etc. Protection money is also extracted. Gangs will fight one another to death over the control of such territory.

A suit filed against the police brought by the Black Panthers over the killing of negroes Fred Hampton and Mark Clark revealed that the Blackstone Rangers leader Jeff Fort once mustered 100 armed followers in a show of force. He wanted to discourage the Black Panthers from trying to muscle in on his territory. They displayed revolvers, shot guns, and even a machine gun.

Threats and Terror

For years Bernard Brown, 34, sold produce from the back of his truck to earn enough money to open a small neighborhood grocery store. Soon a member of the Blackstone Rangers told him *"we had a meeting, we want money."*

Brown turned them down but a few days later they returned and said: *"We want money, or you gonna die."* Mr. Brown complained to the police and they simply told him to buy a gun. He bought a sawed-off shotgun from a friend and a few days later agents of the U.S. Treasury walked in with a warrant and found the gun. He was charged with violation of a federal law against sawed-off shotguns, which Brown had never heard of before. They confiscated the gun and he had to face a trial which could result in a 10-year sentence and a $10,000 fine.

Brown said that he had a negro boy working for him part time, and now believes that he may have been a Ranger and that the gang tipped off the federal ATF. Once the negroes knew he was disarmed, they came back and shot him 5 times as he was about to enter the store. Brown was in the hospital 38 days while doctors picked the slugs out of his body. He told the police that one of the black gang members who shot him was a neighborhood troublemaker named Mack. The police never found Mack and Brown had to close his store because his health is now imperiled. Brown had to go to trial for owning a gun, but nothing was ever done about the gang.

Gangs Attack Trains

Chicago's South Side has been the scene of negro gang attacks on the Eric Lackawanna rail line. They shoot at the trains and tear up the tracks. Once a train stops they break into the boxcars and haul away anything they find, be it food, sofas, explosives, huge freezers, etc.

Illinois Central Gulf railroad has hired armed guards to ride shotgun in the caboose. There they can fire at the attackers. But this does not mean that they will not be met with armed resistance. James A. Weers, 22, was riding as an armed guard and was shot through the face and the chest in a surprise attack. He died instantly. Now the guards wear flak jackets. Robert Davison, captain of the Erie Lackawanna force in Chicago said: *"I've been a railroad policeman for 30 years and I've never seen anything like it. We are in trouble in the big cities and the theft problem has increased tenfold."*

Once a train is stopped, some guards lock themselves in the caboose and the black looters will

Puerto Rico - Threat to U.S. Survival

There are more Puerto Ricans living in America than there are in Puerto Rico. Some 3 million are on the island and nearly 4 million in America. Puerto Rico is living proof of the destructive force of racial mongrelization.

Puerto Rico imported many more slaves, in proportion to the population, than did America. They quickly melted down the White people from Spain and today's Puerto Ricans are a mongrelized negroidal race. Many consider the Puerto Ricans' life style to be even lower than that of the negroes.

Half the population of Puerto Rico is on food stamps. We spend more on food stamps in Puerto Rico than we do for any state in the U.S. They received almost $500 million last year, compared to our worst welfare state, California, which got $394 million. We also gave them $1 billion in grants in aid. Both former Pres. Ford and Pres. Carter favor making Puerto Rico our 51st state. This would give them two U.S. Senators and at least six congressmen and make Puerto Rico the 26th most populated state in the union.

Why Republicans should support statehood for Puerto Rico is beyond us, because the Puerto Ricans strongly support Democratic candidates who favor more welfare benefits. Also, the number of Puerto Ricans who actually turn out and vote is double that of White Americans. In the island's last governor's race, 84% voted. Thus more votes for Carter-type candidates in presidential elections.

Statehood advocates claim that since 40% of the Puerto Ricans are unemployed, and the others earn little, that 75% of them would be exempt from federal income taxes. They could also benefit from support payments if Carter's "Guaranteed Income Plan" is enacted by Congress. Statehood would also give them $800 million more in federal funds than they now receive. Remember, Puerto Rico is now exempt from paying federal income taxes.

The National States Rights Party favors Independence for Puerto Rico. We also want deportation for the million of Puerto Ricans who have migrated here, outside our immigration laws, just because their island is called a "commonwealth." Over 1 million negroidal Puerto Ricans live in New York City alone. They are most heavily concentrated in the Bronx, which today looks like a bombed-out, ruined city.

New Jersey is plagued with large numbers of Puerto Ricans residing in Jersey City, Passaic, Newark and Paterson.

Connecticut finds their blight located mostly in Bridgeport and Hartford.

Chicago, Rochester and Buffalo have large Puerto Rican communities. Some 40 other U.S. cities have Puerto Rican populations of 5,000 or more. Every single one of these communities are highly dangerous neighborhoods and crime centers for the drug trade.

Writer Richard Severo studied Puerto Rican life and says their common attitude towards welfare is *"if they will give you $60 in welfare, why work for $80?"* In the U.S. 30% of Puerto Ricans are on welfare, which is twice the national average. They work in declining industries and are three times poorer than the national average.

New York's Bronx Destroyed by Gangs

The story of the destruction of the Bronx in New York has never been revealed to the American people by the news media. This was a vast area in which over 1 million people lived and a vast industrial and business community once thrived. Today it is but a shell of its former past and those who dare to drive through the area say that it looks as if it has been swept over by a huge firestorm. Here is but a part of this disaster which could be the beginning of the downfall of America unless the race problem is not corrected.

There are some 255 negro and Puerto Rican gangs in New York City. Last year their members were charged with 32 murders, 320 assaults, 1,023 robberies, 57 rapes, 980 burglaries, 230 narcotics charges and 1,240 other various charges. Still, these arrests do not even make a dent in the continuing carnage.

How Apartment Buildings Are Destroyed

The apartment building at 396 4th Strcet, in Williamsburg (Brooklyn) New York is a perfect example of how one building after another has been taken over and systematically destroyed by negro and Puerto Rican gangs. Thousands have been destroyed in this exact manner.

Members of the "Love Brothers" gang entered the building and told the superintendent, Freddy Espada, that they were confiscating the property and that he would die if he interfered. Espada immediately fled. The gang members then settled into several vacant apartments.

Next they began punching holes in the walls and ceilings to steal pipes. They carted away refrigerators for which a fence will pay $25, steam radiators bring $3, a stove $35, sinks $10, etc. Soon there is no heat or running water in the building which housed some 100 residents. The people began to move out and the gang steps up the terror. They smear obscene graffiti on the walls, throw unsellable items out the windows, throw wild parties in the halls and shoot off guns all night long. One night they fired out the window at the building across the street which they plan to take over next.

The owner was too afraid to complain to the police because some gang member would then be ordered to kill him. "What can I do," said the landlord. The police are called but do nothing. Many believe that the South Bronx has been abandoned to what the police refer to as the "cannibals." Police say that you can run the gang out of a building, but they return as soon as the police leave. When the gang is about finished with their looting of the building and all its fixtures, they demand that the remaining tenants vacate because it is their practice to burn the building down. Mrs. Celestina Rodriquez said she was too old to move and had nowhere to go. Thus the gang members crashed into her apartment and kicked and smashed all her valuables. She said, *"the gang has ruined my life!"*

Members of the gang see nothing wrong in their actions. One named Vasquez told a newsman that *"this is the way we earn money to go to the movies."* His gang also used money from stolen fixtures to buy motorcycles. They feel that they have a right to anything they can steal.

Businessmen say that there is no way to protect businesses and factories from the gangs. Despite all the crime prevention devices they use, the gangs will still break right through walls, roofs and ventilators and steal anything in sight. Once they drove a stolen car right through a wall in order to steal $10,000 worth of sweaters. Walter Lustrin, head of the Nustyle Knitting Mills Co., said *"this is anarchy. The have-nots are taking from the haves and believe that they have a right to do this. We are moving out of this community because there is no future here."*

Mayor Kevin White of Boston once viewed the Bronx and declared: *"This could well be the beginning of the end of our civilization."*

Give Puerto Rico Independence!

Puerto Ricans keep screaming that they "hate America" and want their island to become a separate independent nation. At the same time their Gov. Rafael Hernandez Colon states that if it were not for U.S. welfare and food stamps, *"the island's economy would be bankrupt."*

Still they cry that we have *"oppressed"* them and have made them an *"exploited colony."* This is the reason given by the *"Armed Forces of National Liberation for Puerto Rico"* (FALN) for the 49 bombings in this country. They have taken 4 lives and injured over 50 people.

Fidel Castro has given the FALN his support. The urban guerrilla group has an "above ground" political arm called the Puerto Rican Socialist Party (PSP). The record of the FALN is bloody indeed and includes the assassination attempt upon Pres. Harry Truman in 1950 in which a guard was killed and their wild shooting spree at Members of Congress from the House Gallery in 1954.

The Jewish Connection

The PSP has as its executive secretary Jewess Rosa Borenstein, whose sister, Susan, is a leader in the U.S. Communist Party. It has been proven that the FALN has received support from the Cuban delegation at the U.N., as well as financial support from the Episcopal Church when two of its activists were arrested in New York. They are Maria Cueto, 33, and Raisa Nemikin, 27. The lawyer for the pair was Jewess Margaret L. Ratner of New York City.

The so-called "moderate" Puerto Rican Popular Democratic Party leader in their island House of Representatives is a Jew named Severo Colberg. He recently appeared before the U.N. at a meeting called by the communist Cubans. Colberg said his party was ready to use *"violence"* against the U.S. if they are not granted their *"freedom."*

What kind of freedom would they enjoy under a Castro-like dictator? It should be noted that the PSP maintains an office in Havana, Cuba, from which much of their funds are distributed to trouble-making affiliates in America and Puerto Rico. And Castro is the "Great Liberator" whom Pres. Carter wants to recognize and give U.S. aid to!

The time has come for us to take a total look at the Puerto Rican problem:

1) They are a chief cause of violent crime and urban decay in America.

2) They drain over $1.5 billion out of our economy in welfare aid each year. (Money which could help needy Whites here.)

3) Puerto Ricans become more violent over their demands for independence with each passing year.

4) The ease with which Puerto Ricans are able to intermarry with "sick" brainwashed Whites is a growing menace which threatens to pollute the entire blood stream of the White Race in America.

Therefore let us cut this cancerous growth out of our body politic. Grant them their independence, cut them adrift, see how they fare on their own. It could be a big step in saving this nation, which could be destroyed by our suicidal attempt to accomplish the impossible in the absorbing of this mongrel mess into the White Race itself. Their dominant genes have the power to breed us down into the final melting pot society from which civilization will sink - never to rise again!

"Roots" to be Re-Run

Let the Real "Roots" Be Heard

I have just learned that *Roots* will be rebroadcast in full this fall so I acquired the highest priced toilet tissue in the world, a copy of Alex Haley's *Roots*.

It is a collection of maudlin misconceptions and statements. Alex Haley could have written a more truthful black history if he wrote about the black tribal chiefs who put many thousands of his people on the slave ships and killed off many more by stuffing them into the cannibal gourmet stew pots.

The Matabela tribe chief, Lobengula, acquired a treasure and wealth even the pirates of the Spanish Main would envy. All this from dealing in death and slavery and conspiracies. Another great black chief was Mkwawa, whose skull is floating around somewhere in Africa, for whose return there is a five million dollar reward to the person who finds and returns it. Etched into the skull is the map to an immense treasure.

Haley should write about the history of fertility rites carried out by more than 6,800 different tribes in the Dark Continent. To illustrate the rites of one tribe in the Zaire region (formerly Belgian Congo), a pair of 15-year olds, male and female, are tied by their wrists to a cross-piece and their bodies suspended over two large wooden bowls. Around these two sacrifices, the black savages dance around, throwing their spears at the bodies, the blood dripping from the wounds into the wooden bowls.

Then the blood from one bowl is poured into the other, after it was determined that the sacrifices are both dead. The blood is stirred for some time to the accompaniment of chanting and shouting. The whole tribe comes forward to take a good swig of the blood from a soup ladle made from a coconut shell and a small tree branch. White colonial rule puts a stop to much of this.

I am convinced that had not the Whiteman set foot in Africa, by this time, 1978, there would be very few natives left in the jungle to cannibalize one another. They would have eaten each other by the millions long ago.

Jewish Plot Against White America

Let this be a warning to the White minority in the United States of America. Yes, I said White minority because that is exactly what we are going to be shortly if we do not wake up to the fact that the Jews and blacks pose a real threat to our very survival.

I will quote a paragraph from the Congressional Record, published by the U.S. Government Printing Office, proceedings of the House, page 8559 in the year 1957. Israel Cohen, a leading communist in England, in his *A Racial Program for the Twentieth Century*, wrote, and I quote:

"We must realize that our most powerful weapon is racial tension. By propounding into the consciousness of the dark races that they have been oppressed by the Whites for centuries, we can mould them to the program of the Communist Party. In America, we will aim for subtle victory. While inflaming the negro minority against the Whites, we will instill into the Whites a guilt complex for their exploitation of the negro. We will aid the negro to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige, the negro will be able to inter-marry with the Whites and begin a process which will deliver America into our hands."

There is the Jewish-Communist plot in a nutshell. This leaves no doubt in my mind as to the Jews' and the blacks' intentions for all White Americans.

There is a booklet published by the Commission on Human Relations, Chicago, Ill. titled *Your Civil Rights*. I would like to quote from that booklet:

Page 18: American Jewish Committee, 343 S. Dearborn St, Chicago: *"established to prevent the infraction of the civil and religious rights of Jews throughout the world."*

Page 18: American Jewish Congress, 189 W. Madison St., Chicago: *"to combat any doctrine or principle or any practices arising therefrom which impute inferiority to the members of any religious, ethnic or racial group; to help secure and maintain equality of opportunity; and to safeguard the civil, political, and economic and religious rights of Jews and other minorities."*

Page 19: Anti-Defamation League of B'nai B'rith: *"to eliminate defamation of Jews and to counteract un-American and anti-democratic propaganda through a broad educational program."*

Page 19: Bureau of Jewish Employment Problems, 22 W. Monroe St., Chicago: *"to investigate and study conditions of employment, especially in relation to minority groups; to engage in work and activities to eliminate discrimination in employment against Jews and other minority groups."*

Page 20: N.A.A.C.P., 841 E. 63 St., Chicago: *"to secure and insure the civil rights of negroes and to integrate them wholesomely into American life. Activities are directed toward areas in which there is discrimination against negroes because of race."*

Now my fellow Americans, is there any doubt in your minds as to what is in store for us? If you doubt the above, then check for yourself as I have done and I will assure you that you will not feel like eating for days. What is really ironic is that all of the above agencies are funded out of our tax dollar. *We are paying for our own extinction!*

If you believe in White Power and the preservation of the Aryan Race, as I do, then forget differences and unite, we are all fighting for the same cause. If we do not unite, then we are indeed a lost race.

I am very much involved at the high school level to see that our youths are afforded the same opportunity to read books on White Power as blacks do black power. This must be done in order for them to be able to purge themselves of the brainwashing tactics of the despicable Jew and the black plague.

Negro Migrant Workers Flood America

A few weeks ago I passed through upstate New York apple country. I stopped off at an orchard run by a Whiteman and his wife. Both had strong German accents. The orchard was well-kept and the buildings clean and neat.

It was apple-picking time. Besides this Whiteman and his wife, there were six blacks of various hues who, judging from their speech, came from the West Indies. They were helping the owner load apples into a lorry.

I had a short conversation with the owner about his help. He told me that there was no local help, that no one wanted to pick apples, that the locals had no ambition to pick the fruit and that he was forced to hire this help in order to stay in business and not lose his investment.

I asked him where these blacks lived and he said that they lived there on the farm. I asked him what they did after the apple season was over. He told me that they would probably get on a bus and go to the city. My purchase was complete and the conversation ceased.

I could not help but know that when these blacks got to the city they would not return home but would go on welfare or take low-paying jobs, save some money and send for the rest of their families and friends.

Multiply this situation by the tens of thousands throughout our country and you have one of the basic economic causes of why we are being inundated by a sea of color.

Remember That "Bonus March?"

In regards to the Jews being back of Communism, I read the book *Herbert Hoover, American* by David Hinshaw, published by Farrar, Strauss & Co., New York, 1950.

On pages 214-215 it states that John T. Pace of Centerville, Tenn. who was a Gentile leading the "Bonus March" in June 1932 which turned into a riot in Washington, D.C.

Mr. Pace said that Emmanuel Levine, a Jew, was actually in charge. Mr. Pace said that Levine determined everything and was the leading communist bureaucrat in the U.S. at the time. Nothing could be done without the approval of Emmanuel Levine.

America Headed For Communism

I write this after reading the Sunday edition's article by Roger Simon of the *Chicago Sun Times, Agony of South Africa*.

This article advocates lawless revolutionary communist control over the established White democratic form of government in South Africa. Likewise, Pres. Carter has supported black revolutionaries in Rhodesia and South Africa. It appears that the U.S. wants revolution only in the nations controlled by Whites. No mention of revolutionary action is found toward Uganda or Israel.

Israel violates international law by continually depriving the Palestinians of their rights. It has violated law after law, by kidnapping so-called Nazis, stealing radioactive materials
and attacking an unarmed U.S. Navy ship, and the list goes on and on.

Why are there no sanctions imposed against Uganda? Why are the media of this country so strongly against South Africa and not the USSR or Red China? Why must we pay a dope-dealer to take our canal from us, or otherwise we will be attacked?

These are everyday questions the media avoids and it is time American newspapers stopped their program of propaganda to please the enemy.

If South Africa falls, if the Panama Canal falls, and if our black-skinned and yellow-hearted President fails to conceal his true nature of being a communist, then the government of the United States will surely fall.

Found the Truth - At Last!

I went up North the other week and visited a friend. He showed me a copy of *The Thunderbolt* and I was very impressed. It was a good feeling to know that someone still cares about the White Race as you do. I have wanted to help keep our race pure for as long as I can remember.

The first time I saw a colored man with a White woman I got sick to my stomach. Please help me find new ways to stop this evil down-breeding of the White Race.

Jews Worried

I think the March issue was the best ever of *The Thunderbolt*.

You fully exposed the so-called *Holocaust* special on NBC. It only shows that the "self-chosen ones" are starting to get worried about the growing awakening of the Whiteman.

Keep up the good work. White Power!

Dear Dr. Fields,

During a civics exam, we were asked to pick from a list of subjects and write our opinion on the subject we chose. I wrote about racial equality and put the straight facts on the line. The instructor said my "facts" were not true and I failed that portion of the exam. In retaliation, I have written the student service department about this matter. I told them if my exam grade is not changed, I will resign.

This is a perfect example of how schools are deliberately brainwashing students. Anything which does not harmonize with race-mixing is automatically a lie in the eyes of the government. Facts are unimportant and our constitutional rights are violated. The Declaration of Independence says that every man has certain unalienable rights. Among those are life, liberty and the pursuit of happiness. If liberty were to be defined as freedom to make one s own choice, you'd see how close we are to losing our freedom.

The Constitution guarantees everyone freedom of religion, speech, the press and the right to petition the government for redress of grievances. This is part of our Bill of Rights.

Like I said, we are guaranteed freedom of the press, yet no newspaper will even consider writing a favorable story about the NSRP or print the suppressed facts about racial differences. They are afraid of the minority pressure groups.

MORE LETTERS TO THE EDITOR

New Portuguese Immigrants Are Lower Racial Species

I had a shocking experience recently when I attended a Portuguese conference here in San Diego. I had a series of debates with a small element which, against the wishes of the majority, wanted to have Portuguese-Americans classified as an ethnic minority! This revolting desire was backed up only by several persons of unsavory appearance - the type of individual dregs that afflict every race - who must be motivated by either self-dislike or racial dislike of the White Race, or the hope of personal financial gain through government money.

Unbelievably, they spoke in favor of government money for Portuguese migrant children! When I stated that I and my parents before me had done heavy farm work in California for years and that none of us had, even once in our entire lives, ever even heard of a Portuguese migrant child, I was told they they were referring to a recently-arrived family whose father took a job as a milker in a dairy and who, in the course of a year, might move to another dairy. Obviously, this is straining a point to get government money.

One lady reported that Portuguese immigrants in past years were hard-working but that those arriving today wanted food stamps, etc. When I said that in the tragic event of race war, we Portuguese-Americans would have to fight for the Whites because we were White, she said that she would rather fight for the blacks! When I - holding myself back, possibly because I was shocked - asked her if she knew that some 800,000 White Portuguese had to flee Angola and Mozambique because of genocide being savagely waged against them by blacks, she said it was due to colonialism!

I cite the above stupid remarks merely to show that these persons stand convicted by themselves of an atavistic desire to destroy the standards of my ethnic group and artifically eliminate our folk virtues and make us loafers, welfare cheats, recipients of undeserved government money - which we and our parents and grandparents never sought nor accepted before! - and to ''racistically-in-reverse'' side with the blacks who massacred or ejected and robbed 800,000 of our own from their centuries-old homes in Angola and Mozambique. I am sure that you are very familiar with this phenomenon in all branches of the White Race, where some few persons work against their own kind and civilization.

College Student Sees America

I'm 28 years old. I have two years of college.

Year after year I get more and more fed up with what's happening in society. To be specific: the big cities. I often thought that someone would remedy the situation, but no one has. Otherwise things will never get better. Things will continue to deteriorate until the cities are vast slums.

I've sat back and watched as crime skyrocketed. Today it is a national fad. Morality is at its lowest point in centuries. Today prostitution is glamorized. It goes on unmolested by law enforcement agencies. Drug addiction is a way of life today. Important ethics are discarded and overlooked. Once pertinent healthy values are today meaningless and empty.

As I said, these things are especially true in cities such as Chicago, Atlanta, New York, Philadelphia, Detroit, etc. The cities are rapidly decomposing, being transformed into cesspools of degradation, crime, immorality and corruption. Norms which once insured a healthy society have disappeared.

It isn't necessary for me to elaborate on the causes of this disintegrating society. We all know who's responsible for these bad times. Yet no one will stand up and say who the destroyers are. Consequently, Americans are blind. Blindness turns to ignorance. Today's society is indifferent and apathetic to its ills. For over 15 years they have witnessed this rapid change. They are accustomed to it.

All the troubles we face in society are the result of trying to mix two different races. One of this is or was successful and progressive. Then this backward race was mixed with ours. The negro has proved to be stagnant, regressive and ultimately destructive. So the result of trying to inject this cancerous race into our healthy structure has been catastrophic. The immorality, criminality, decadence and anarchistic nature of this low race has taken precedence over our civilized society. Thus we have the atrocious crime rate, smut, open whoring, and drugs. An overall drop in our standard of living. All of these undesirable elements are inherent in the negro. The ''product of environment'' argument is antiquated.

We live in a bizarre society today. Convicted felons and convicts are actually martyrized, like ''born again'' Eldridge Cleaver. Attempts to decriminalize prostitution and marijuana are now underway. Anti-American organizations are allowed to assemble and flourish. This new permissiveness was perhaps born in the 1950's when the negroes began their chants and discrimination marches. Since then laws have been made and broken to benefit them. Working standards have been lowered to accommodate them exclusively. Unconstitutional busing is defiling our children. Literally millions of illiterate negroes in the South can now vote. As a result, over 1,000 offices once held by Whites are now held by blacks. Is this an indication of things to come as the overall colored population increases? But black leaders say not to panic and claim to have partisan views. Only a fool would believe that.

Negro men claim that they have no desire for White women. Yet I've personally heard two of them say that indeed a White woman and a Cadillac are their lives' desires.

These cancerous people are turning a large part of our youth into degenerate germs. Prostitutes and addicts head the list. Criminals and corrupt officials run a close second.

Holocaust of the Gentiles

Since the beginning of communism in Russia and China, it is estimated that at least 100 million Gentiles have been brutally murdered.

Communism was founded by the Jew Karl Marx who was descended from a long line of rabbis. Thus it was a Jew who started the worst ''holocaust'' in all history.

Therefore, it is proposed that June 1 be a ''Commemoration Day'' in honor of the ''100 Million Victims of Jew-Marxists.''

All White groups in America and Europe are asked to observe this day as a day of international memorialization to the unknown and forgotten victims of the World's Greatest Crime!

Please spread the word.

Negroes Cause Joblessness

I am now without a job because of the shiftless negroes in **Michigan.**

The company I worked for was small, but a very good place to work. Due to lawsuits, phony job injury claims, high absenteeism and slovenly work by the blacks they were forced to hire, the firm closed down and re-located in the state of Virginia. The negroes ruin everything they touch.

My ancestors fought in the Revolutionary War and I cannot find a job because of a people who should never have been taken out of the jungle. I hope someone can change things.

Busing Drives Out Whites

School Mixing Cause of White Flight

Inner city decay has but one cause and that is the flight of White people to the suburbs. There is but one reason for this problem and that is integration of the schools. People are deserting the big cities in droves. Businesses are leaving and the tax base is eroding, as cities turn into jungles right before our very eyes.

Cleveland School Superintendent Paul Briggs bluntly admits that *''this is a segregated city.''* He says that court ordered busing set for this fall will be a total disaster. Mr. Briggs says that they tested racial integration on the formerly White John F. Kennedy High School. That school went from 60% White in 1974 to 95% black today. Over the same period, the ration of the surrounding White neighborhood shifted to 90% black.

Detroit School Census Bureau head Larry E. Suter said that integration has turned Detriot's formerly majority White schools (before integration) to 85% black today. He says there is no way to bring the Whites back into the city.

San Diego School Superintendent Tom Goodman admits that 65% of its schools are segregated and that assaults on White students in majority black schools have tripled over last year. Naturally, Whites are not going to allow their children to attend mostly black schools.

Despite all this evidence proving how race-mixing is destroying our schools, Pres. Carter and his Secretary of HEW, Joseph Califano, continue their drive for total integration of all public schools in the nation. They have even adopted a new program for the integration of the nation's colleges. Our entire system of education is being destroyed by fanatical race-mixers in Washington who hate their own race.

Coloreds Pollute Holland

Every so often I take a vacation to Europe to see the homeland of my ethnic origin. My father was Italian and my mother Austrian. On the last trip I visited Scandinavia, Germany, Holland, France, Switzerland, Austria and Italy.

I was shocked to see all the non-White faces in Holland. Every street corner, barroom and alleyway in Amsterdam has at least one non-White face. They are responsible for most of the crime and the revolutionary acts of violence in that country.

This is shocking to most Americans because they know the Dutch to be blond, tall, fair-skinned and, most of all, clean.

I am shocked at the insane policy of the Dutch government. It must wish to breed its own stock down to a mulatto level.

Stoner Won TV Debate

Stoner Presented Truth On TV

Mr. Stoner made a perfectly beautiful showing on the *Tomorrow* show. Contrasted with the Baxley interview of last December, Mr. Stoner came out on top - period!

I tried to view the program in the way a person who had never heard of Mr. Stoner except on Snyder's show last December might view it...

Mr. Stoner was forthright, unshakable, had a nice sense of humor and dealt in facts and honesty. Any normal White person viewing this show should be able to see that there is all the difference in the world between a White Racist and what the enemies of the White Race call extreme and ''sick,'' etc., etc. Tom Snyder fell flat on his face!

I can't think of a single thing concerning White survival that Mr. Stoner didn't bring out - well done!

Stoner Won Debate

We saw J.B. Stoner on the Tom Snyder *Tomorrow* show and wish to commend him on his great intelligence.

Unless the people of this nation absorb the message you put forth and then act accordingly, they can kiss Christian America goodbye and their freedom and liberty that was given to us by our forefathers.

Everything Stoner said on the show is true. Any person with an ounce of reasoning faculties can see it happening before their own eyes. What more evidence do they need?

Big Black Vote Reveals Sellouts

Smart Dog

OVERT RACISM. David Rechais, a 22-year-old London man, wants the Commission for Racial Equality to investigate a case of discrimination. This case of discrimination doesn't involve housing, education or employment, but a dog named Toby. "He always barks viciously at me," the Trinidad-born Rechais charges. "White people walk past without being pestered, but as soon as he sees a Black person it sets him off." Toby's owner, Jimmy Shelton, said it was true Toby barked only at Blacks. The owner, however, said the dog had not been trained like that. Although canines are color-blind, this one knows the difference.

Tom Turnipseed has become more of an open Reconstructionist than any other Southern politician.

South Carolina's Bill Baxley

Tom Turnipseed is a State Senator in South Carolina who is running against three other candidates for the Democratic nomination for governor. Turnipseed is going all out for the 250,000 black bloc votes in that state. He thinks that will put him in the runoff and if he can fool enough Whites with his anti-big business stand, he might become governor.

Alabama Attorney General Bill Baxley is trying to do the very same thing. He prosecuted a KKK member, Bob Chambliss, 73, for the bombing of a black church. There is conclusive evidence that Chambliss was innocent but the pressure of the press and civic leaders obtained a conviction. Now Baxley thinks he has the black vote in Alabama sewed up. Unfortunately for Baxley, his tie-in with the criminal underworld in New Orleans has been exposed and his political ambitions dashed.

Turnipseed says he wants to unite poor blacks and poor Whites. He is for the "women's lib" ERA, against capital punishment *"because it has been used almost exclusively against my black brothers."* (He is calling negroes who have murdered and raped Whites his *"brothers!")*

The strange thing about all this is that for years Turnipseed worked as national campaign organizer in the Wallace for President drives of 1968 and 1972. Turnipseed says that Gov. Wallace never was a racist, but his followers were. He explains: *"What turned me off was the type of people who backed Wallace. In Webster, Mass. I went to the Polish American Club and talked with the head man. He said 'When George Wallace is elected, we're going to ship all these niggers back to Africa!' "*

Turnipseed says this sort of "White Racism" was a shock to him. Still, he named his son, now 9, Jefferson Davis Turnipseed. He says *"I wouldn't name him that today."* Turnipseed has totally turned his back on the White people of South Carolina and gone all the way with the negroes and pro-communist Jews. He has obtained the services of the Montgomery, Ala. Jew Morris S. Dees, Jr. to raise funds for him. Dees is the far-left Jew who raised millions (mainly from wealthy Jews) for the ill-fated George McGovern 1972 campaign. Dees is today mailing out thousands of appeal letters to rich Jews, most of whom live outside South Carolina, telling them to give money to Turnipseed so they will have one of their own kind running that state.

Turnipseed has covered all bases with the blacks, even to the extent of joining the NAACP. He has hired a negress, Glenda Suber, 23, as his *"personal media representative."* He says that he is going to unite both blacks and whites and we admit that in his personal life he has no doubt already done this. He may get into the runoff in such a crowded race for governor but, just like Bill Baxley, he does not have a prayer of getting elected.

The White people are not as crazy as Turnipseed is. We mean that because he is actually crazy. As a youth, between the ages of 16 and 20, he spent several periods in an insane asylum during which he was given electric shock treatments to the brain. When people in South Carolina say that Turnipseed is *"touched in the head,"* they are not kidding.

Same in Other States

Still, this is the type of politician the press keeps playing up. Despite all the scandal that has come out on Bill Baxley, Alabama's top White self-hater, *Constitution* newspaper writer David Nordan, reports Baxley leading in the race for governor.

Georgia has plenty of sell-outs running for office this year who should be voted out of office. They include Sen. Sam Nunn, Lt. Gov. Zell Miller and Gov. George Busbee.

Florida leftists are trying to put another Jew like Sen. Stone over on the people as governor, that Jew being Atty. Gen. Robert Shevin.

Tennessee has Bob Clement, son of the notorious race-mixing ex-Governor Frank Clement, in the running.

There are many others and we will report more on these scalawag sell-out politicians in *The Thunderbolt* in the future. Just keep your subscription in good standing and we will keep you informed.

Beware of This Buckley-Vigurie Jew

Arthur J. Finkelstein is a New York Jew who was a worker in the unsuccessful campaign of ex-Sen. James Buckley in his re-election bid. All of a sudden he called in an expert *"consultant"* to find out how to obtain minority votes.

Thus mailing list king Richard Vigurie sent Finkelstein down to work in Raleigh, N.C. for the re-election campaign of Sen. Jesse Helms. A poll proved that Helms had no chance of obtaining black votes anyway, so Finkelstein was dropped. Now he has surfaced again, working in the gubernatorial campaign of drug store magnate Jack Eckerd in Florida.

It was Mr. Eckerd who won the wrath of the Jews when he revealed the fact that Florida's Senator Richard Stone is a Zionist Jew. Unfortunately this was done the day before the election and Stone was elected in the general election with less than 40% of the vote in a three-way race - no run off! We hope that Mr. Eckerd will drop Finkelstein too because there is no way in which he can win the big Florida Jew vote. They stick by their slogan: *"Never forgive - never forget."*

Beautiful women fear Idi

The Star Bureau

LONDON — Beautiful women in Uganda walk in fear of their lives because of Idi Amin's bizarre sex life and his voracious appetite for women.

Writing in Woman magazine former Ugandan Health Minister Henry Kyemba, who is now in hiding in England, tells of Amin's romanceless sex life.

When he spots an attractive woman in a street, or on television, he sends his guards out to get her. If she refuses, she dies, Mr Kyemba says.

President Amin, five times married and father of at least 30 children, is shunned by Uganda's most beautiful women. They do all they can to avoid being seen by him in case he is attracted to them.

Mr Kyemba says women were free to refuse President Amin during the early days of his dictatorship, but lately, he was taken to murdering those who do not meet his every whim.

He has divorced three wives, he says. One of his two present wives came to him only after her boyfriend — and father of a child Amin claims as his own — was murdered before her eyes.

THIEVES STONED TO DEATH

By Our Staff Correspondent in Nairobi

Nine men suspected of being thieves were set on and stoned to death in three separate incidents in Nairobi on Sunday night, a police spokesman said yesterday.

In a city with an increasingly bad reputation for late night mugging, the public are likely to react violently when someone is heard calling for help.

Mozambique starts air service

The Star's Africa News Service

Deta, the Mozambique national airlines, has chartered a 175-seat airliner from Alitalia for domestic and international flights.

Other chartered aircraft will soon join the Alitalia plane in Maputo.

A former Deta captain who retired two months ago said that most of Deta's aircraft have been grounded for lack of spares and technical maintenance staff.

He said some former Deta pilots, who had gone to live in Portugal, had been invited by the Mozambique Government to return to work for the airline under two-year contracts at salaries three times higher than they earned before resigning from Deta.

A necklace of human fingers

From Our Correspondent

AUCKLAND, Tuesday.

ALTHOUGH he hasn't seen it, Barry Goebel, a Kiwi crocodile hunter, contends that cannibalism is still practised in New Guinea. Goebel, now touring New Zealand in company of the brother of Jules Guerassimoff, the famous Australian rugby forward of the Wallabies South African tour of 1963, exhibits a necklace of smoked human fingers which he bought from New Guinea headhunters a few months ago. He says he bought two of these necklaces and two human heads.

"I estimate all were only a few months old," he says.

Two sticks of tobacco sufficed to buy the necklaces and heads. New Guinea tribesmen regard necklaces as warrior status symbols.

Goebel and Guerassimoff have found crocodile-hunting worthwhile. They have averaged R400 a week for the four months' hunting season. Goebel is to present the necklace to the Auckland War Memorial Museum.

Protect Our Farmers

African Competition For U.S. Farmers

The World Bank, chiefly funded by the U.S government, has financed the vast palm tree plantations in the Ivory Coast, Africa. These trees produce a remarkable year-round crop of date-sized fruits. They yield an oil which is refined exactly like the oil of our farmers' soybeans. Both can be used to produce cooking oil, animal feed and cheap, high-protein food.

The Ivory Coast plantations are owned by the black government and little of the vast profits of this crop reach the people. At the same time the Ivory Coast exports are now undercutting the soybean growers on American farms, thus furthering the plight of the U.S. farmer. "The National Soybean Processors Association" has formally complained to the government about slave labor competition being financed by the American taxpayer and such products being dumped on the world market far below the costs of the independent American farmer.

"Hidden Hand" Buying Up U.S. Property

(Below from "New York Times" April 2, 1978)

Rich Foreigners Buying Estates

Special to The New York Times

BEVERLY HILLS, Calif., April 2—This city, which once absorbed an influx of newcomers that included Will Rogers, Gloria Swanson and Douglas Fairbanks, is experiencing a new wave of migrants. These newcomers are foreigners, many of whom are very rich, and they are buying large pieces of Beverly Hills.

"Wealthy foreigners are flocking to Southern California because they love its climate," said Dorothy Chilkov, manager of the Beverly Hills Chamber of Commerce. "Ten years ago, they might have considered some European capital, but now they don't because they have been scared away by terrorists."

Saudi Arabians and Iranians are the latest groups to come to California. Most of the Iranians are Jewish businessmen, physicians, and other professionals who fear that their country's tolerance of their religion will end if the Shah is deposed.

"Paying $750,000 for a house seems like a lot to the typical American, but it is very low to the wealthy Iranian who is used to skyrocketing inflation and is looking for a safe place to put his money," said Farid Ghomshei, an Iranian salesman for Marty Trugman Real Estate, which has found homes for more than 40 Iranian families in the last year.

The newcomers are more likely to be businessmen than movie stars. One is Bijan Pakzad, a 38-year-old Iranian who spent more than $1 million to transform a former parking lot on Rodeo Drive into Bijan's, one of the West's most chic men's clothing stores.

Today Mr. Pakzad sells $10,000 topcoats, $250 silk shirts, and $750 suits. He plans to open a women's shop in Beverly Hills next year.

Are Arabs or Jews Buying U.S. Property?

There have been many articles in the daily press about rich Arabs coming to America and buying up valuable property. But are they all Arabs? We reprint on this page a little-noticed article from the *New York Times* of April 2. It states that many fabulously wealthy Jews from Iran are immigrating to America. Most people who have read about the rich "Iranians" immediately conjure up thoughts of oil-rich Arabs.

This article proves that a part of Iran's large Jew population is moving in large numbers to America (not Israel!). They have plenty of money to spend, as did the Iranian Jew Bijan Pakzad, mentioned in this article.

It seems as if any Jew in the world who wants to immigrate here can do so without regard to immigration quotas. We have never read an article about the Immigration Service seeking to deport illegal Jew aliens. There are some 300,000 Israelis living illegally and making money in the U.S. today. Not one has any fear of being arrested and deported as do other minorities. The Jew lobby in Washington is so all-powerful that Jews are immune from our laws regarding illegal aliens.

Attention Patriots

BEWARE - Of U.S. Labor Party

There is a self-avowed communist party operating in America calling itself the U.S. Labor Party. This party is headed by Lyndon LaRouche, Jr., who once called himself Marcus LaRouche. He said he took the name "Marcus" after his hero, the Jew Karl Marx, the founder of communism.

The U.S. Labor Party was born out of a split within the radical Students for a Democratic Society (SDS). One part became the "Weather Underground" and the other the "National Caucus of Labor Committees," also going under the name U.S. Labor Party.

This openly communistic party is heavily financed despite the fact that the *New York Times* of Sept. 19, 1977 quotes its second in command, Jew Paul Goldstein, as saying they have only 1,500 members. Despite this small number they operate offices in 20 American cities and also have offices in London, Paris, Rome and West Berlin. They have a national WATS line with which they bombard newspaper editors and others with their party line. They have an international telex communications system with their overseas offices which is extremely expensive.

Some Right Wing people have been fooled by this group because it takes a stand against the Council on Foreign Relations, the Tri-Lateral Commission, William F. Buckley, Richard Vigurie, and the Rockefellers. Long ago their leader, Lyndon LaRouche, declared that he would have two organizations, one for the left wing and a special front for the right wing. His two publications, the weekly newspaper, *New Solidarity*, and the monthly magazine *Campaigner* are designed to entrap right wing people.

With his handful of supporters it is not financially possible for La Rouche to carry on the far-flung activities he has undertaken without a secret source of income. The Korean Central Intelligence Agency says La Rouche is financed by communist East Germany. This may be true because his publications lavish praise on East Germany as the "ideal" state. All their publications are pro-Soviet Union.

More new information is coming out on Lyndon (Marcus) La Rouche and his U.S. Labor Party all the time. For one thing, he has been able to borrow huge sums of money to finance his organization from the Chase Manhattan (Rockefeller) Bank. How can this be when La Rouche is supposed to be against the Rockefellers? He had no collateral to post for said loans.

More on this mysterious organization in the future, but in the meantime a word to the wise - BEWARE!

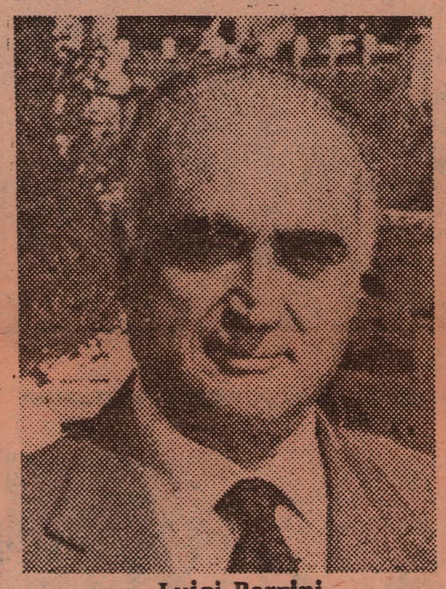
Warns Italian State May Be Destroyed

Historians Say Italy In Grave Trouble

The Italians is the highly acclaimed book which won its author, Luigi Barzini, 70, the title as *"definitive interpreter"* of his people. He states that the country has never before been in such a state of chaos and decay. As a former member of parliament, Mr. Barzini says that the kidnapping of former Premier Aldo Moro demonstrates the beginning of the fall of Italy.

There are over 2 million negroes in Italy who work for next to nothing. Most are illegal immigrants. Mr. Barzini says that *"many people have no jobs, Red Brigades terrorize political and business leaders, the communists are undermining the Republic, universities do not teach, corruption has rotted the government, the police are inefficient, industrial production and agriculture are declining and the country has lost all hope of repaying its foreign debts.*

The Italian people will live forever, but not necessarily the Italian state. Perhaps we are destined to turn out like the stateless Armenians."



Luigi Barzini

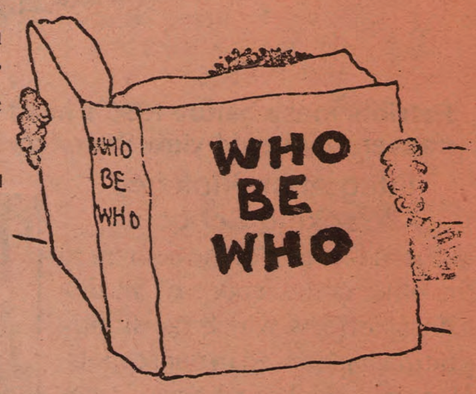
"WE'RE GOING DOWN THE DRAIN TO BANGLADESH. WE'RE GOING TO BE THE FIRST DEVELOPED COUNTRY IN THE WORLD TO TURN ITSELF BACK INTO AN UNDERDEVELOPED COUNTRY!"

(Editor's Note: Dear Reader, please re-read that last paragraph again. Here is the *Camp of the Saints* in reality - is this to be America's fate also?)

Education Regressing

Step Backward Into Negro English

On this page we reproduce an article from negro *Jet Magazine* of March 30, 1978. It states that blacks want their *"street language"* incorporated into public school English courses. Negroes have always been very poor in English and math. Now they want it turned around so they can distort and undermine the English language with their *"pigeon talk."*



They have many terms which are totally unfamiliar to Whites and they want our children to talk just as they do, and be just as crude and as uncouth. This article about saying "I be," and "You be," is but the tip of the iceberg to their manner of speech. This decadence must not be allowed to permeate our educational system.

Since the blacks will remain in their present state of illiteracy, we should accommodate them with a return to Segregation - that is, separate schools for Whites and separate schools for blacks.

Fraudulent Insurance Companies Rip Off Elderly

WARNING On Mail Order Insurance

You have seen ads on TV and received letters in the mail offering to sell you health and/or life insurance with the promise *"you can't be turned down."* When you receive such an offer it usually says *"your age makes no difference"* and *"no medical exam"* or *"no medical questions asked,"* then you know this is a ripoff.

TV performer Art Linkletter is one of the worst offenders in this category. There is no way in which you can benefit from this nationally-advertised insurance. It is filled with exceptions so that it is next to impossible to collect.

An investigation of this firm discovered that less than 2% of the policy holders ever collected anything. They sound good and it only costs a few dollars a month, but this is money down the drain. This racket preys mainly on the elderly who cannot afford such a ripoff. If you have been suckered in on any of these "no age requirement" and "no medical exam" and "you can't be turned down" policies, stop your payments immediately. This is a vicious racket which should have been banned long ago.

Vans and Patriots line up for the march to expose the holocaust hoax.

Patriots mass before NBC's head offices in Burbank where many passers-by could view their excellent signs.

Integration Violence Wrecking Schools

From one end of the country to the other come reports of the disastrous effects which racial integration has caused in our schools. Here is a quick rundown of cities hard hit by negro violence:

Memphis schools are now 80% black and this past year there were 680 assaults inside the schools, 144 of them directed against teachers.

Boston schools reported 155 assaults on teachers alone.

New York City had the worst record with 2,420 attacks, half of them against teachers.

Chicago's rate of assaults is running at 6 per day.

Los Angeles reports 265 students expelled for assaults this past year, compared with 45 expulsions back in 1974.

Dr. Roy Brown addresses audience before TV camera crew in Houston, Texas.

Patriots Protest "Holocaust"

All across the country Patriots protested the NBC *Holocaust* TV hoax. The National States Rights Party held demonstrations in Atlanta, Jacksonville, and other cities. These included Los Angeles, where we joined with Rick Norton and the Christian Defense League in picketing the local NBC outlet. The CDL also held demonstrations in Baton Rouge and New York City.

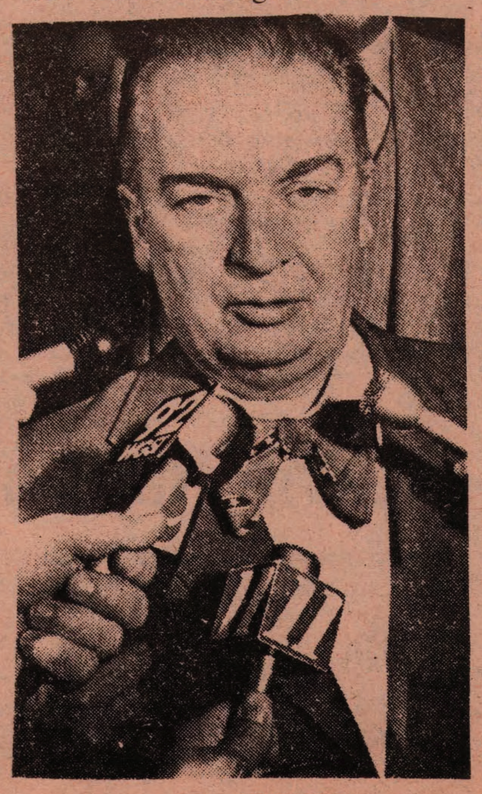
On this page we reproduce the photos of the Los Angeles demonstration, which included a motorcade of cars and vans. You will note the large number of Patriots who turned out. This was a particularly sweet victory because the Jewish Defense League had known of the plans to march into their stronghold of Los Angeles, but dared not countermarch or cause trouble.

The daily press has all but silenced news of public protests against the *Holocaust* TV hoax, but we will continue working with fellow Patriots until the truth is known by one and all. We cannot allow such lies as the "Holocaust" to go unchallenged.

Extra copies of both our last issues exposing the "Holocaust" are still available. Issue #227 and issue #228. The March issue went into 2 big printings.

Stoner to Visit Every County in Georgia

J.B. Stoner, candidate for Governor of Georgia, is out on the road visiting supporters and new friends throughout the state.



J.B. STONER

During his travels he is immediately recognized by most White people, who either wave to him or shout words of encouragement.

During a recent campaign tour to Augusta, Ga., Stoner addressed enthusiastic supporters and appeared on TV Channel 12. The interviewer gave him ample time to state his views. Friends have also arranged for the opening of an Augusta campaign headquarters, which will be fully staffed. There the public can pick up Stoner's campaign literature and copies of *The Thunderbolt*. Things are well underway and the campaign is picking up steam. Stoner will be visiting your community soon. We will have a photo story on these and other activities in the next issue.

Houston, Texas NSRP organizer, Dr. Roy Brown, addressed a meeting of Patriots and promoted membership in this organization. As pictured here, he appeared on Channel 8 out of Dallas. The TV station sent people all the way to Houston to film Dr. Brown, who spoke to a packed hall with standing room only. Channel 8 is able to reach all over Northern Texas and was viewed by hundreds of thousands of people. At present, Dr. Brown is working full-time in the "Stoner for Governor" campaign.

NEWS NOTES

Medical Schools Turn Down Federal Aid

At least 18 medical colleges have turned down federal money because it required them to accept unqualified foreign students. Most are Asians or Latins who come from inferior schools to practice medicine in America.

Of the schools refusing aid, the University of Illinois will lose $1.5 million, Chicago Medical School, $500,000 and Northwestern, $1 million. Unfortunately, a majority of the nation's medical schools accepted the federal funds with the strings attached.

Weatherman Terrorist Freed

Chicago Judge John J. Moran released Weather Underground leader Mark Rudd with a mere slap on the wrist from riot charges when he ran the SDS in Chicago. He was given a two year suspended sentence and a $2,000 fine. Also Rudd, a Jew, was given an *"unconditional discharge"* in New York to charges that his radicals forcibly took over Columbia University in 1968.

Since that time Rudd has been an underground fugitive for the past 7 years, during which his organization bombed government office buildings and electrical power transformers. Compare this treatment with that given Rev. Bob Miles of Michigan who is in the Marion, Ill. maximum security federal prison for allegedly bombing vehicles to be used for forced school busing. Miles has been in prison for almost 6 years and has been eligible for parole for the past three years, but has not been given consideration for release.

FREE! - "THE AFRICAN"

By Thomas E. Watson

Tom Watson was one of the most famous political leaders in Georgia history. The main statue on the grounds of the Georgia State Capitol is that of Tom Watson. Watson was a world traveler and famous author and he studied the life of the negro in Africa. His prose on this subject is the most revealing and startling we have ever read. An appendix in this book gives the Belgian report on atrocities committed by negroes when they revolted in 1960 and sought to torture and kill all Whites. This sensational eye-opener is free to all NEW subscribers using this form or requesting "The African."
